PROXY STATEMENT

QUESTIONS AND ANSWERS

Why did I receive these proxy materials?

We are sending you this proxy statement as part of a solicitation by the Board of Directors of Liquidity Services, Inc. for use at our 2014 Annual Meeting of Stockholders (the "Annual Meeting") and at any adjournment or postponement that may take place. Unless the context otherwise requires, the terms "us," "we," "our" and the "Company" include Liquidity Services, Inc. and its consolidated subsidiaries.

You are invited to attend our Annual Meeting on Thursday, February 27, 2014, beginning at 3:00 p.m., Eastern Time. The Annual Meeting will be held at the offices of Gibson, Dunn & Crutcher LLP, located at 1050 Connecticut Avenue, NW, Washington, DC 20036.

This Notice of Annual Meeting of Stockholders, proxy statement, proxy card and voting instructions and our 2013 Annual Report are first being mailed on or about January 27, 2014.

Do I need a ticket to attend the Annual Meeting?

You will need an admission ticket or proof of ownership to enter the Annual Meeting. If you plan to attend the Annual Meeting, please vote your proxy prior to the Annual Meeting but keep the admission ticket and bring it with you to the Annual Meeting.

If your shares are held beneficially in the name of a broker, bank or other nominee and you plan to attend the Annual Meeting, you must present proof of your ownership of Liquidity Services common stock, such as a bank or brokerage account statement, to be admitted to the Annual Meeting. If you would rather have an admission ticket, you may obtain one in advance by mailing a written request, along with proof of your ownership of Liquidity Services stock, to:

**Liquidity Services, Inc.
Attn: Julie Davis
1920 L Street, NW, 6th Floor
Washington, DC 20036**

All stockholders also must present a form of personal identification in order to be admitted to the Annual Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of Liquidity Services common stock at the close of business on January 14, 2014 (the "Record Date") are entitled to receive this Notice and to vote their shares at the Annual Meeting. As of the Record Date, there were 32,219,772 shares of common stock outstanding and entitled to vote. All holders of common stock shall vote together as a single class on each matter properly brought before the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with Liquidity Services' transfer agent, Computershare Trust Company, N.A., you are considered the "stockholder of record" with respect to those shares. The Notice of Annual Meeting of Stockholders, proxy statement, proxy card and voting instructions and our fiscal 2013 Annual Report have been sent directly to you by Liquidity Services.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in street name. Access to the Notice of Annual Meeting of Stockholders, proxy statement, voting instruction card and voting instructions and our fiscal 2013 Annual Report are being provided to you by your bank, broker or other nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet (if available).

How do I vote?

You may vote using any of the following methods:

By Mail

Complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy in accordance with the recommendations of the Board of Directors set forth under "What are the voting requirements for the matters to be voted on at the Annual Meeting?" below.

If you are a stockholder of record, and the prepaid envelope is missing, please mail your completed proxy card to **Liquidity Services, Inc., 1920 L Street, NW, 6th Floor, Washington, DC 20036, Attn: Corporate Secretary.**

By Telephone or on the Internet

The telephone and Internet voting procedures established by Liquidity Services for stockholders of record are designed to authenticate your identity, allow you to give your voting instructions and confirm that those instructions have been properly recorded.

You may vote by calling the toll-free telephone number on your proxy card. Please have your proxy card in hand when you call. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. If you are located outside the United States, see your proxy card for additional instructions.

The website for Internet voting is www.envisionreports.com/LQDT for shares directly held with Liquidity Services' transfer agent, Computershare Trust Company, N.A., and www.edocumentview.com/LQDT for shares held by beneficial owners in street name. Please have your proxy card available when you go online. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote on the Internet, you also can request electronic delivery of future proxy materials.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day, and will close at 11:59 p.m., Eastern Time, on February 26, 2014.

The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other nominee, and we recommend that you follow the voting instructions in the materials you receive from them.

If you vote by telephone or on the Internet, you do not have to return your proxy card or voting instruction card.

In Person at the Annual Meeting

All stockholders of record may vote in person at the Annual Meeting. You will need an admission ticket or proof of ownership to enter the Annual Meeting. If you are a beneficial owner of shares, you must present proof of your ownership of Liquidity Services stock, such as a bank or brokerage account statement, to be admitted to the Annual Meeting. If you would rather have an admission ticket, you may obtain one in advance by mailing a written request, along with proof of your ownership of Liquidity Services stock, to: Liquidity Services, Inc., Attn: Julie Davis, 1920 L Street, NW, 6th Floor, Washington, DC 20036. All stockholders also must present a form of personal identification in order to be admitted to the Annual Meeting. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

You may also be represented by another person at the Annual Meeting by executing a legal proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other nominee and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

- sending written notice to the Corporate Secretary of the Company;
- delivering a valid, later-dated proxy or a later-dated vote by telephone or on the Internet prior to the Annual Meeting; or
- voting in person at the Annual Meeting.

If you are a beneficial owner of shares, you can revoke your proxy before it is exercised by submitting new voting instructions by contacting your broker, bank or other nominee. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the answer to the previous question.

All shares represented by properly executed proxies received prior to the Annual Meeting and not revoked will be voted in accordance with the instructions indicated in such proxies. Properly executed proxies that do not contain voting instructions will be voted in accordance with the recommendations of the Board of Directors set forth under "What are the voting requirements for the matters to be voted on at the Annual Meeting?" below.

What shares can I vote?

You can vote all shares that you owned on the Record Date. These shares include (1) shares held directly in your name as the stockholder of record; and (2) shares held for you as the beneficial owner through a broker, bank or other nominee. Each outstanding share of Liquidity Services stock entitles its holder to cast one vote for each director nominee and one vote on each other matter to be voted upon.

What is "householding" and how does it affect me?

We have adopted a procedure approved by the Securities and Exchange Commission (the "SEC") called "householding." Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting of Stockholders and proxy statement and fiscal 2013 Annual Report,

unless one or more of these stockholders notifies us that they wish to receive an individual copy. This procedure reduces our printing costs and postage fees and conserves natural resources.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice of Annual Meeting of Stockholders and proxy statement and fiscal 2013 Annual Report, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, Computershare Trust Company, N.A. (in writing: P.O. Box 30170, College Station, TX 77842-3170; from within the United States by telephone: (800) 662-7232; from outside the United States by telephone: (781) 575-2879).

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting of Stockholders and proxy statement and fiscal 2013 Annual Report, please contact Computershare Trust Company, N.A., as indicated above and, upon written or oral request, a separate copy of these documents will be delivered to you promptly. Additionally, if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact Computershare Trust Company, N.A., as indicated above.

If you are a beneficial owner of shares, you may request information about householding from your broker, bank or other nominee.

Is there a list of stockholders entitled to vote at the Annual Meeting?

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the Annual Meeting for any purpose germane to the Annual Meeting, between the hours of 9:30 a.m. and 4:30 p.m., Eastern Time, at our principal executive offices at 1920 L Street, NW, 6th Floor, Washington, DC 20036, by contacting the Corporate Secretary of the Company.

How can I vote on each of the matters?

In the election of directors, you may vote "for" one or more of the nominees, or your vote may be "withheld" with respect to one or more of the nominees. For the ratification of Ernst & Young LLP as our independent registered public accounting firm, approval of the advisory resolution on executive compensation and re-approval of the material terms of the performance goals under the 2006 Omnibus Long-Term Incentive Plan, you may vote "for" or "against," or you may indicate that you wish to "abstain" from voting on the matter.

What is the quorum requirement for the Annual Meeting?

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A "broker non-vote" occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Brokers, banks and other nominees are not permitted to vote without instructions from the beneficial owner in the election of directors, on the advisory resolution on executive compensation or on the material terms of the performance goals under the 2006 Omnibus Long-Term Incentive Plan. Therefore, if your shares are held through a broker, bank or other nominee, they will not be voted on these matters unless you affirmatively vote your shares in one of the ways described above. If you are a

beneficial owner, your broker, bank or other nominee is permitted to vote your shares on the ratification of Ernst & Young LLP as our independent registered public accounting firm even if the broker, bank or other nominee does not receive voting instructions from you.

What are the voting requirements for the matters to be voted on at the Annual Meeting?

A plurality of the votes cast is required for the election of directors. This means that the director nominees with the most "for" votes will be elected. Thus, shares as to which a stockholder withholds voting authority and broker non-votes will not be counted towards any director nominee's achievement of a plurality and will have no effect on the outcome of the election of directors. Stockholders may not cumulate their votes in favor of any one nominee.

A majority of the votes cast by stockholders present, in person or by proxy, at the meeting and entitled to vote on the matter is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm, to approve the advisory resolution on executive compensation and to re-approve the material terms of the performance goals under the 2006 Omnibus Long-Term Incentive Plan. Abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the outcome of these items.

If you are a registered holder and sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the Board ("for" all director nominees named in the proxy statement, "for" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014, "for" the approval of the advisory resolution on executive compensation and "for" the re-approval of the material terms of the performance goals under the 2006 Omnibus Long-Term Incentive Plan).

Could other matters be decided at the Annual Meeting?

As of the date of this proxy statement, we did not know of any matters to be acted on at the Annual Meeting other than those referred to in this proxy statement.

If other matters are properly presented at the Annual Meeting for consideration, the proxy holders named on the proxy card will have the discretion to vote on those matters for you.

Can I access the Notice of Annual Meeting of Stockholders and proxy statement on the Internet?

The Notice of Annual Meeting of Stockholders and proxy statement are available under the Investors section of our website at www.liquidityservicesinc.com. Instead of receiving future copies of our proxy statement by mail, most stockholders can elect to receive an e-mail that will include electronic links to our proxy statement. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and also will give you an electronic link to the proxy voting site.

Stockholders of Record: You may enroll in the electronic proxy delivery service at any time in the future by going directly to www.computershare.com/investor and following the enrollment instructions.

Beneficial Owners: If you hold your shares in a brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your broker, bank or other nominee regarding the availability of this service.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees, acting without special compensation, in person or by telephone, electronic transmission or facsimile transmission.

Who will count the vote?

Representatives of our transfer agent, Computershare Trust Company, N.A., will tabulate the votes and act as inspectors of election.

GOVERNANCE OF THE COMPANY

Our Guidelines of Corporate Governance

The Board of Directors has adopted a set of corporate governance guidelines as a framework for the governance of the Company. The Corporate Governance and Nominating Committee reviews the guidelines periodically or more frequently if appropriate and recommends changes to the Board of Directors as appropriate. Our Corporate Governance Guidelines, as well as the charters of the Audit, Corporate Governance and Nominating and Compensation Committees, are available on our website, www.liquidityservicesinc.com, at "Investors—Corporate Governance." Stockholders may request a free copy of any of these documents by sending a written request to our Corporate Secretary at Liquidity Services, Inc., 1920 L Street, NW, 6th Floor, Washington, DC 20036.

Among other matters, the Corporate Governance Guidelines contain the following items concerning the Board of Directors:

- The Board of Directors, which is elected by the Company's stockholders, oversees the management of the Company and its business. The Board selects the senior management team, which is responsible for operating the Company's business, and monitors the performance of senior management. The Board also reviews the Company's long-term strategic plan and business unit initiatives at least annually.
- A majority of the Board is made up of independent directors. An "independent" director is a director who meets, as determined by the Board, the then-current independence requirements of the SEC and the NASDAQ Stock Market, Inc., as applicable, for directors.
- The Board has three standing committees: Audit, Corporate Governance and Nominating and Compensation. Each of the Audit, Corporate Governance and Nominating and Compensation Committees consists solely of independent directors. In addition, directors who serve on the Audit and Compensation Committees must meet additional, heightened independence criteria applicable to audit and compensation committee members, respectively. All committees report regularly to the full Board with respect to their activities.
- The Corporate Governance and Nominating Committee considers and makes recommendations to the Board regarding committee size, structure, composition and functioning. Committee members and chairs are recommended to the Board by the Corporate Governance and Nominating Committee and are appointed by the full Board.
- At the invitation of the Board, members of senior management may attend Board and/or committee meetings, or portions of such meetings, for the purpose of presenting matters to the Board and participating in discussions. Directors also have full and free access to other members of management and to employees of the Company.
- The Board has the authority to retain such outside counsel, experts and other advisors as it determines appropriate to assist it in the performance of its functions. Each of the Audit,

Corporate Governance and Nominating and Compensation Committees has similar authority to retain outside advisors as it determines appropriate to assist it in the performance of its functions.

- The Company has an orientation process for new Board members that is designed to familiarize them with the Company's business, operations, finances and governance practices and with the responsibilities of serving as a director. In addition, the Board encourages directors to participate in education programs to assist them in performing their responsibilities as directors.
- The Board conducts an annual self-evaluation to assess its performance and effectiveness, and each of the Audit, Corporate Governance and Nominating and Compensation Committees annually assesses its own performance. The ability of individual directors to contribute to the Board is considered in connection with the renomination process. The Corporate Governance and Nominating Committee is responsible for developing, administering and overseeing processes for conducting these evaluations.

Governance Information

Board Leadership

Currently, Mr. Angrick serves as Chairman of the Board and Chief Executive Officer. The Board presently believes that it is in the best interests of the Company for a single leader to serve as Chairman of the Board and Chief Executive Officer. Combining the roles of Chairman and CEO makes clear that the person serving in these roles has primary responsibility for managing our business, under the oversight and review of the Board. Under this structure, the Chairman and CEO chairs Board meetings during which the Board discusses strategic and business issues. The Board believes that this approach makes sense because the CEO is the individual with primary responsibility for developing our business strategy, directing the work of other officers and leading implementation of our strategic plans as approved by the Board. As a result of this structure, a single leader is directly accountable to the Board and, through the Board, to our stockholders. This structure also enables the CEO to act as the key link between the Board and other members of management. In addition, the Board believes that it is in our best interests at this time to have Mr. Angrick serve as both our Chairman and CEO because of Mr. Angrick's familiarity with our business and his history of outstanding leadership. Mr. Angrick co-founded the Company and has served as Chairman and CEO since 2000.

The Board also believes that strong, independent Board leadership is a critical aspect of effective corporate governance. In this regard, the independent directors meet in executive session without management present at least four times per year, and the Board has established the position of Lead Director. The Lead Director is an independent director elected for a period of at least one year by the independent directors whose responsibility is to chair these executive sessions. The Lead Director also leads and sets the agenda for these executive sessions, provides input to the Chairman and CEO on the agenda for full Board meetings and provides collective feedback from the members of the Board to the Chairman and CEO. Mr. Kramer served as Lead Director until his resignation in August 2013, and Mr. Gross currently serves as the Lead Director. In addition, each of the Audit, Corporate Governance and Nominating and Compensation Committees is composed of and led by independent directors.

The Board believes that a single leader serving as Chairman and CEO, together with an experienced Lead Director, is the most appropriate leadership structure for the Board at this time. The Board reviews the structure of the Board and the Board's leadership as part of the succession planning process, and the Board may in its discretion separate the roles in the future if it deems it advisable and in the Company's best interests to do so.

Board Oversight of Risk

The Board of Directors has overall responsibility for risk oversight and focuses on the most significant risks facing the Company. In this regard, the Board seeks to understand the material risks we face and to allocate among the full Board and its committees responsibilities for oversight of how management addresses those risks, including the risk management systems and processes management uses for this purpose. Overseeing risk is an ongoing process. Accordingly, the Board considers risks faced by the Company periodically throughout the year and at such other times as the Board considers appropriate with respect to specific proposed actions. The Chairman and CEO is responsible for keeping the Board apprised of material risks facing the Company.

The Board implements its risk oversight function both as a whole and through delegation to various committees. These committees meet regularly and report back to the full Board. The following committees play important roles in carrying out the Board's risk oversight function:

- *The Corporate Governance and Nominating Committee:* The Corporate Governance and Nominating Committee is responsible for overseeing the Company's risk management systems and processes throughout the year. In this regard, the Chairman and CEO updates the Corporate Governance and Nominating Committee on material risks facing the Company and how management is addressing such risks and the Corporate Governance and Nominating Committee discusses these risks at each of its regularly scheduled meetings and more frequently as necessary.
- *The Audit Committee:* The Audit Committee oversees our processes for assessing financial-related risks and the effectiveness of our system of internal controls. In performing this function, the Audit Committee reviews and discusses with our independent registered public accounting firm and management the Company's significant financial risk exposures and the steps management has taken to monitor and control such exposures.
- *The Compensation Committee:* The Compensation Committee oversees the assessment of risks related to the Company's compensation structure and assesses whether the Company's compensation structure establishes appropriate incentives for management and employees.

The Board believes that our leadership structure, discussed under "Board Leadership" above, supports the risk oversight function of the Board. We have a combined Chairman and CEO who keeps the Board informed about the risks we face. We also have a Lead Director to provide strong, independent Board leadership. In addition, independent directors chair and serve on the various committees involved with risk oversight. We also encourage open communication between senior management and directors.

Risk Considerations in Our Compensation Program. The Company's management has conducted an assessment of the risk associated with the Company's current compensation programs covering its employees, including executives. Management's risk assessment considered the following:

- The Company's compensation programs appropriately balance fixed compensation with short-term and long-term variable compensation and cash-based compensation with equity-based compensation such that no one pay element would motivate employees to engage in excessive risk taking.
- The design of the Company's annual incentive program does not lend itself to excessive risk taking because we:
 - fund annual incentive awards based on a variety of pre-established performance conditions, thus diversifying the risk associated with any single indicator of performance;
 - establish performance targets that are objectively determined with verifiable results;

- incorporate pre-established caps in any awards; and
 - retain discretion to decrease bonus payouts.
-
- The Company's long-term incentive program encourages employees to focus on the long-term success of the Company by providing a mix of stock options, which only reward employees if the Company's stock price increases, and restricted stock, which decline in value if our stock price declines, reducing the motivation employees may have to take excessive risks.

Communications with Directors

Stockholders and other interested parties may communicate with the Board of Directors by writing c/o the Corporate Secretary, Liquidity Services, Inc., 1920 L Street, NW, 6th Floor, Washington, DC 20036. Communications intended for a specific director or directors should be addressed to the attention of the relevant individual(s) c/o the Corporate Secretary at the same address.

Our Corporate Secretary will review all correspondence intended for the Board and will regularly forward to the Board a summary of such correspondence and a copy of correspondence that, in the opinion of the Corporate Secretary, is of significant importance to the functions of the Board or otherwise requires the Board's attention. Directors may at any time review a log of all correspondence received by the Corporate Secretary that is intended for the Board and request copies of any such correspondence.

In addition, the Audit Committee has established a procedure for parties to submit concerns regarding what they believe to be questionable accounting, internal accounting controls and auditing matters. Concerns may be reported through our Compliance Hotline at (888) 475-8376. Concerns may be submitted anonymously and confidentially.

Director Independence

The Board makes an affirmative determination regarding the independence of each director annually, based upon the recommendation of the Corporate Governance and Nominating Committee. Under the NASDAQ Stock Market, Inc. listing standards, an independent director is a person that the Board of Directors determines to be free of any relationship with Liquidity Services that, in the opinion of the Board, would interfere with the exercise of such person's independent judgment in carrying out the responsibilities of a director, and to meet the then-current objective standards for "director independence" set forth in the listing standards. The Board has not established categorical standards or guidelines to use in making these independence determinations but considers all relevant facts and circumstances. In addition to the Board-level standards for director independence, the directors who serve on the Audit Committee each must satisfy standards established by the SEC, which provide that to qualify as "independent" for purposes of membership on that committee, members may not accept, directly or indirectly, any consulting, advisory or other compensatory fee from Liquidity Services other than their director compensation or fixed payments under a retirement plan for prior service. Similarly in addition to the Board-level standards for director independence, the directors who serve on the Compensation Committee each must satisfy standards established by the NASDAQ Stock Market, Inc., which provide that to qualify as "independent" for purposes of membership on that committee, the Board must consider the source of compensation of the member, including any consulting, advisory or other compensatory fee from Liquidity Services other than their director compensation or fixed payments under a retirement plan for prior service, and the Board must consider whether the member is affiliated with Liquidity Services, any of its subsidiaries or any affiliate of its subsidiaries.

The Board of Directors has determined that each of our directors other than Mr. Angrick, our Chairman and CEO, and Mr. Mateus-Tique, our former President and Chief Operating Officer,

qualifies as "independent" in accordance with the NASDAQ Stock Market, Inc. listing standards, as follows: Mr. Clough, Mr. Ellis, Mr. Gross, and Mr. Perdue.

Code of Conduct

Our Board of Directors has adopted a Code of Conduct (the "Code") applicable to all of our directors, officers and employees in order to protect and promote organization-wide integrity and to enhance Liquidity Services' ability to achieve its mission.

The Code embodies general principles such as compliance with laws, acting with honesty and integrity, avoidance of conflicts of interest, maintenance of accurate and timely financial and business records, use of the Company's assets for legitimate business purposes only, provision and acceptance of gifts to or from customers, suppliers and governments in compliance with law, protecting the Company's information and dealing fairly with other companies.

All directors, officers, and employees are obligated to report violations and suspected violations of the Code and any concerns they may have pertaining to non-compliance with the Code by following certain procedures described in the Code. All reports of suspected Code violations will be forwarded to the General Counsel or Compliance Officer, except for complaints and concerns involving accounting or auditing matters, which will be handled in accordance with procedures established by the Audit Committee.

The Code is available on our website, www.liquidityservicesinc.com, at "Investors—Corporate Governance." A free printed copy is available to any stockholder who requests it by writing to us at the address on page 1 of this proxy statement. We intend to disclose future amendments to certain provisions of the Code, or waivers of such provisions granted to executive officers and directors, on our website within four business days following the date of such amendment or waiver.

Board and Committee Membership

Our bylaws provide that our Board of Directors shall consist of at least three members. The exact number of members of our Board of Directors will be determined from time to time by resolution of our Board of Directors. Our Board of Directors currently is composed of seven directors, divided into three classes: Class I, Class II and Class III. The term for each class of directors expires at successive annual meetings. The Class I directors are William P. Angrick, III and David A. Perdue, Jr., the Class II directors are Phillip A. Clough, George H. Ellis and Jaime Mateus-Tique, and the Class III director is Patrick W. Gross. Mr. Kramer, a former Class III director, resigned from the Board effective August 28, 2013 and will not be standing for reelection. The Company and its Board of Directors would like to thank Mr. Kramer for his years of service and contributions to the Board. As of the date hereof, one Class III vacancy exists on the Board following Mr. Kramer's resignation from the Board. The Company is conducting a search to find an independent director to fill the vacancy on the Board.

The Board of Directors met six times during fiscal 2013. Each of our directors attended 75% or more of the aggregate of the total number of meetings of the Board of Directors held while he was a director and of each standing committee on which he served during the period in which the director served as a member of that committee. Our Board has adopted a policy that our directors are encouraged to attend each Annual Meeting of Stockholders. Two members of our Board of Directors attended the 2013 Annual Meeting.

The table below provides membership information for the Board of Directors and for each standing committee of the Board as of the date of this proxy statement.

The Audit Committee met five times during fiscal 2013.

The members of the Audit Committee as of the date of this proxy statement are Messrs. Ellis (Chair), Clough and Gross. The Board of Directors has determined that each is independent, as defined by the Company's director independence standards and the rules of the NASDAQ Stock Market, Inc. and the SEC, and that Mr. Ellis is an "audit committee financial expert" for purposes of the rules of the SEC.

Under the rules of the SEC and the NASDAQ Stock Market, Inc., members of the Audit Committee must meet heightened independence standards. The Board of Directors has determined that each of Messrs. Ellis, Clough and Gross meets these heightened independence standards.

See "Audit Committee Report" below for more information on the Audit Committee.

The Corporate Governance and Nominating Committee

Under the terms of its Charter, the Corporate Governance and Nominating Committee is responsible for identifying individuals qualified to become Board members, recommending director candidates to the Board, developing and recommending amendments to the Corporate Governance Principles to the Board and undertaking a leadership role in shaping corporate governance. Specifically, the committee is responsible for:

- Developing and recommending to the Board criteria for identifying and evaluating director candidates;
- Identifying, reviewing the qualifications of and recruiting candidates for election to the Board;
- Assessing the contributions and independence of incumbent directors in determining whether to recommend them for reelection to the Board;
- Reviewing and recommending changes to the Company's policies on stockholder recommendations of director candidates;
- Recommending to the Board candidates for election or reelection to the Board at each annual stockholders' meeting;
- Recommending to the Board candidates to be elected by the Board as necessary to fill vacancies and newly created directorships;
- Reviewing, evaluating and recommending to the Board a set of Corporate Governance Guidelines and reviewing and recommending changes to these guidelines, as necessary;
- Making recommendations to the Board concerning the structure, composition and functioning of the Board and its committees;
- Recommending to the Board candidates for appointment to Board committees;
- Reviewing the Company's succession plans relating to the Chief Executive Officer and other senior officers;
- Overseeing the annual evaluation of the Board, its committees and directors; and
- Annually evaluating the performance of the Committee and the adequacy of the Committee's Charter and recommending changes to the Board as appropriate.

The Corporate Governance and Nominating Committee is also responsible for overseeing risk management at the Company throughout the year.

The Corporate Governance and Nominating Committee met four times during fiscal 2013.

The members of the Corporate Governance and Nominating Committee as of the date of this proxy statement are Messrs. Clough (Chair), Gross and Perdue. The Board of Directors has determined

that each of the members of the Corporate Governance and Nominating Committee is independent, as defined by the Company's director independence standards and the rules of the NASDAQ Stock Market, Inc.

The Corporate Governance and Nominating Committee is responsible for recommending candidates for election to the Board and believes that candidates for director should have certain minimum qualifications, including the highest level of personal and professional ethics and integrity, sound judgment, the ability to make independent analytical inquiries, the willingness to devote adequate time and resources to diligently perform Board duties and appropriate and relevant business experience and acumen. The Committee also considers the number of other boards of public companies on which the candidate serves. The Committee believes that the Board should also include members who have specific industry experience and familiarity with general issues affecting our business, as discussed in more detail under "Item 1—Election of Directors" below.

The Committee evaluates candidates for the Board on the basis of the standards and qualifications set forth above, and seeks to achieve a diversity of strengths and backgrounds on the Board, particularly in the areas described below. The Committee's review of the skills and experience it seeks in the Board as a whole, and in individual directors, in connection with its review of the Board's composition, enables it to assess the effectiveness of its goal of achieving a Board whose members have a diversity of experiences. The Committee considers these criteria when evaluating director nominees in accordance with the procedures set forth below.

The Corporate Governance and Nominating Committee uses a variety of methods to identify and evaluate candidates for director. Candidates may come to the attention of the Committee through current Board members, the CEO or Chairman, professional search firms (to whom we pay a fee), stockholders or other persons. The Company has also sought to identify potential candidates through professional associations such as the National Association of Corporate Directors and The Boston Club, initiatives such as George Washington University's On the Board and Stanford Women on Boards, and executive education programs such as Stanford's Directors' College. The Committee did not use a professional search firm in fiscal 2013.

The Company's Corporate Governance Guidelines contain a policy addressing the consideration of candidates for director suggested by our stockholders. Pursuant to this policy, the Committee will consider candidates for director suggested by our stockholders, provided that the recommendations are made in accordance with the procedures required under our bylaws and described in this proxy statement under the heading "Requirements, Including Deadlines, for Submission of Proxy Proposals, Nomination of Directors and Other Business of Stockholders." Director candidates recommended by stockholders in accordance with these procedures and who meet the criteria outlined above, in the Committee's Charter and in our Corporate Governance Guidelines will be evaluated by the Corporate Governance and Nominating Committee in the same manner as other director candidates.

The Compensation Committee

Under the terms of its Charter, the Compensation Committee is responsible for assisting the Board of Directors in discharging its responsibilities relating to compensation of Liquidity Services' executive officers and overseeing the preparation of the annual report on executive compensation to be included in Liquidity Services' annual proxy statement. Specifically, the Compensation Committee is responsible for:

- Overseeing the Company's overall compensation structure, policies and programs, and assessing whether the Company's compensation structure establishes appropriate incentives for management and employees;

- Overseeing the assessment of risks associated with the Company's compensation programs for management and employees, and reviewing and discussing this risk assessment;
- Administering and implementing the Company's incentive compensation and equity-based compensation plans;
- Reviewing and approving corporate goals and objectives relevant to the compensation of the CEO and other executive officers, evaluating the CEO's performance in light of those goals and objectives and approving the CEO's compensation;
- Overseeing the evaluation of other executive officers and setting their compensation based upon the recommendations of the CEO;
- Approving stock option and other stock incentive awards for all employees;
- Reviewing and approving employment and severance arrangements for executive officers, including change-in-control provisions, plans or agreements;
- Reviewing the compensation of outside directors for service on the Board and its committees and recommending changes in compensation to the Board;
- Assessing the independence of any consultants and advisors that provide advice to the Committee, in accordance with the NASDAQ Stock Market, Inc. listing standards;
- Annually evaluating the performance of the Committee and the adequacy of the Committee's Charter and recommending changes to the Board as appropriate;
- Assessing the results of the Company's most recent advisory vote on executive compensation; and
- Performing such other duties and responsibilities as are consistent with the purpose of the Committee and as the Board or the Committee deems appropriate.

The Compensation Committee met seven times in fiscal 2013.

The members of the Compensation Committee as of the date of this proxy statement are Messrs. Gross (Chair), Clough and Perdue. The Board of Directors has determined that each of the members of the Compensation Committee is independent, as defined by the Company's director independence standards and the rules of the NASDAQ Stock Market, Inc.

Under the rules of the NASDAQ Stock Market, Inc., members of the Compensation Committee must meet heightened independence standards as of the Company's 2014 Annual Meeting. The Board of Directors has determined that each of Messrs. Gross, Clough and Perdue meets these heightened independence standards.

For additional information about the Compensation Committee's policies and procedures, please see "Compensation Discussion & Analysis" below.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Our non-employee directors receive a combination of equity and cash compensation for service on our Board of Directors. Directors who are employed by the Company (including Mr. Angrick) do not receive any compensation for their service as directors. The Compensation Committee, in consultation with Towers Watson, its independent compensation consultant, periodically reviews non-employee director compensation and recommends changes based on competitive market data. In order to remain aligned with the Company's peer group and general industry practices, the Compensation Committee consulted with Towers Watson and, in April 2013, as a result of such consultation, recommended a slight increase in the non-employee director compensation program for fiscal 2013, as discussed below, and the Board of Directors approved this recommendation.

For fiscal 2013, consistent with fiscal 2012, each of our non-employee directors received an annual cash retainer of \$30,000. Committee chairs received an additional annual retainer as follows: \$15,000 for the Audit Committee and \$7,500 (an increase of \$2,500 as compared to fiscal 2012) for each of the Compensation Committee and the Corporate Governance and Nominating Committee. Beginning in fiscal 2013, at the recommendation of Towers Watson, we decided to provide our Lead Director with an additional cash retainer of \$7,500. All amounts paid to our non-employee directors are paid quarterly in arrears, unless an election was made otherwise, except that retainers for committee chair service and the Lead Director are paid in advance. Our non-employee directors have the opportunity to receive payment of their cash retainers in the form of grants of restricted stock by making an irrevocable one-time annual election. Restricted stock grants received pursuant to this election vest on February 1, 2014.

In addition to a cash retainer, non-employee directors also receive equity-based compensation. Annual non-employee director equity awards are generally granted in February and vest on the one-year anniversary of the grant date, subject to the director's continued service with the Company through that date. Stock options granted to non-employee directors expire ten years from the date of grant. Annual cash retainers and equity compensation for new non-employee directors are pro-rated based on when they join the Board during the fiscal year.

For fiscal 2013, following consultation with Towers Watson in April, each non-employee director received an annual equity award with an aggregate value of \$95,000 (an increase of \$5,000 as compared to fiscal 2012) granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan. Such awards will vest on February 1, 2014 subject to continued service with the Company through such date. Sixty percent of the annual equity award was provided in the form of stock options with a grant date fair value of \$57,000, and forty percent of the annual equity award was provided in the form of restricted stock having a grant date fair value of \$38,000, which resulted in grants, on June 3, 2013, to each of our non-employee directors, other than Mr. Perdue, of options to purchase 5,954 shares of our common stock with an exercise price per share of \$40.11 and 947 shares of restricted stock. We allow our directors to elect to receive the entire equity component in the form of restricted stock. Mr. Perdue made such an election and on June 3, 2013, we granted to him 2,368 shares of restricted stock. The determination of the number of stock options to be granted was made using the Black-Scholes model. The number of shares of restricted stock to be granted was determined by dividing the value of the award by the closing price of our common stock on the grant date.

The non-employee director compensation described above is summarized in the following table:

<u>Annual Compensation Element for Role</u>	<u>Board Compensation</u>
General Board Service—Cash Retainer	\$ 30,000
Committee Chair Service—Cash Retainer	
Audit	\$ 15,000
Compensation	\$ 7,500
Corporate Governance and Nominating	\$ 7,500
Lead Director—Cash Retainer	\$ 7,500
General Board Service—Equity(1)	
Stock Option Value (60%)	\$ 57,000
Restricted Stock Value (40%)	\$ 38,000
Vesting Schedule	Stock options and restricted stock will vest on February 1, 2014

- (1) Non-employee directors can receive payment of their cash retainers in the form of grants of restricted stock by making an irrevocable one-time annual election.

In addition to the compensation described above, our non-employee directors are reimbursed for expenses they incur in attending meetings of the Board of Directors or Board committees.

DIRECTOR COMPENSATION FOR FISCAL 2013

The following table sets forth the total cash and equity compensation paid to our non-employee directors for their service on the Board of Directors and committees of the Board of Directors during fiscal 2013:

<u>Name</u>	<u>Retainer fees paid in cash \$(1)</u>	<u>Stock Awards \$(2)(3)</u>	<u>Option Awards \$(2)(4)</u>	<u>Total (\$)</u>
Phillip A. Clough	\$ 30,000	38,000	57,000	\$ 125,000
George H. Ellis	45,000	38,000	57,000	140,000
Patrick W. Gross	37,500	38,000	57,000	132,500
Franklin D. Kramer(5)	37,500	38,000	57,000	132,500
Jaime Mateus-Tique	30,000	38,000	57,000	125,000
David A. Perdue	30,000	95,000	0	125,000

- (1) Retainer fees, at the election of each director, may be paid in cash or in the form of restricted stock. For fiscal 2013, all of our directors received retainer fees in the form of cash.
- (2) The amounts reported in these columns reflect the aggregate grant date fair value of grants of stock options and restricted stock awards to each of the non-employee directors, computed in accordance with U.S. generally accepted accounting principles, disregarding estimates of forfeitures related to service-based vesting conditions. For additional information about the assumptions used in these calculations, see Note 2 to our audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2013. As described above, in fiscal 2013, each nonemployee director (other than Mr. Perdue) was granted options to purchase 5,954 shares of our common stock with a grant date fair value of approximately \$57,000. Each non-employee director (other than Mr. Perdue) also was granted 947 shares of restricted stock

with a grant date fair value of approximately \$38,000. For fiscal 2013, due to his election to receive the entire equity component in the form of restricted stock, Mr. Perdue was granted 2,368 shares of restricted stock with a grant date fair value of approximately \$95,000. We calculate the grant date fair value of a restricted stock award by multiplying the closing price of our common shares on the grant date by the number of shares subject to such award.

- (3) At September 30, 2013, our non-employee directors held the following shares of unvested restricted stock: Phillip A. Clough, 947 shares; George H. Ellis, 947 shares; Patrick W. Gross, 947 shares; Franklin D. Kramer, 0 shares; Jaime Mateus-Tique, 947 shares; and David A. Perdue, 2,368 shares.
- (4) At September 30, 2013, our non-employee directors held the following stock option awards, some of which were not fully vested: Phillip A. Clough, 34,924 options; George H. Ellis, 11,282 options; Patrick W. Gross, 111,992 options; Franklin D. Kramer, 22,617 options; Jaime Mateus-Tique, 190,906 options; and David A. Perdue, 38,952 options. As a result of his resignation, Mr. Kramer forfeited his stock options.
- (5) Effective August 28, 2013, Mr. Kramer resigned from the Board. As a result of his resignation, Mr. Kramer forfeited the stock option and restricted stock awards received during fiscal 2013 and set forth in the table above and the fourth quarterly installment of his cash retainer.

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our directors, executive officers and beneficial owners of greater than ten percent of our common stock to file reports of holdings and transactions in Liquidity Services' common stock with the SEC. Based solely on these records, we believe that in fiscal 2013 all persons satisfied these filing requirements on a timely basis, except that, unless otherwise noted, each of the following individuals filed a single Form 4 late. The names of the individual and the number of transactions that were not timely filed are as follows: William P. Angrick, III (4); and James M. Rallo (4). In addition, the following individuals filed single amendments to a Form 4: Thomas B. Burton (4); G. Cayce Roy (4); James M. Rallo (4); and James E. Williams (4).

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Company did not participate in or review any potential related party transactions during fiscal 2013 and there currently are no proposed related party transactions. To be considered a related party transaction under current SEC rules, a transaction must include the Company as a participant, and one of our officers, directors or greater than 5% stockholders or a family member of such person must have a direct or indirect material interest in the transaction. To date, we have not participated in any related party transactions requiring disclosure as such under the SEC disclosure requirements. Should we consider participating in a related party transaction in the future, such transaction would be reviewed and subject to approval by the Audit Committee, in accordance with our written Audit Committee Charter. We have not adopted specific standards that would govern such review.

As a general matter, our written Code of Conduct prohibits conflicts of interest. We consider a conflict of interest to exist when a person's private interest interferes in any way with the interests of our Company, including: (i) a conflict that makes it difficult for an employee, officer or director to perform his or her work objectively and effectively; (ii) when an employee, officer or director, or any member of his or her family, receives improper personal benefits as a result of his or her position in or with our Company; or (iii) when an employee, officer or director is engaged in a business or business activity that is in competition with or injurious to us. The Code of Conduct requires that the General Counsel be consulted with any questions about conflicts of interest in addition to requiring that our directors and officers consult with the General Counsel before engaging in any potential conflict of interest transactions.

ITEM 1—Election of Directors

Our Board of Directors currently is composed of seven directors, divided into three classes: Class I, Class II and Class III. Our Class I directors, elected at the Annual Meeting of Stockholders in 2013, are William P. Angrick, III and David A. Perdue, Jr., and their terms end at the Annual Meeting of Stockholders in 2016. Our Class II directors, elected at the Annual Meeting of Stockholders in 2011, are Phillip A. Clough, George H. Ellis and Jaime Mateus-Tique, and their terms end at this Annual Meeting of Stockholders upon the election and qualification of their successors. Our Class III director, elected at the Annual Meeting of Stockholders in 2012, is Patrick W. Gross, and his term ends at the Annual Meeting of Stockholders in 2015. As of the date hereof, one Class III vacancy exists on the Board following Mr. Kramer's resignation from the Board in August 2013. The Company is conducting a search to find an independent director to fill the vacancy on the Board. With respect to the Class II directors to be elected at the Annual Meeting, each nominee for director will, if elected, continue in office until our Annual Meeting of Stockholders in 2017 or until the director's successor has been duly elected and qualified, or until the earlier of the director's death, resignation or retirement.

If you are a stockholder of record, the proxy holders named on the proxy card intend to vote your proxy for the election of each of these nominees, unless you indicate on the proxy card that your vote should be withheld from any or all of the nominees. **Brokers, banks and other nominees are not permitted to vote in the election of directors without instructions from the beneficial owner. Therefore, if your shares are held through a broker, bank or other nominee, they will not be voted in the election of directors unless you affirmatively vote your shares.**

Each nominee has consented to be named as a nominee in this proxy statement, and we expect each nominee for election as a director to be able to serve if elected. If any nominee is unable to serve, proxies will be voted in favor of the other nominees and may be voted for substitute nominees selected by the Board, unless the Board chooses to reduce the number of directors serving on the Board.

In evaluating director candidates, and considering incumbent directors for renomination, the Board and the Corporate Governance and Nominating Committee consider a variety of factors as discussed above under "The Corporate Governance and Nominating Committee." Among other things, the Board has determined that it is important to have individuals with the following skills and experiences on the Board:

- *Industry experience and Company knowledge.* We believe that it is important for our directors to have knowledge of the Company and the online auction marketplace industry, which is relevant to understanding the Company's business, operations and strategy.
- *Senior leadership experience.* We believe that it is important for our directors to have served in senior leadership roles at other organizations, which demonstrates strong abilities to motivate and manage others and to identify and develop leadership qualities in others.
- *High-growth company experience.* As a high-growth company, it is important for our directors to have experience with other companies that have undergone periods of significant growth because they can provide insight on the challenges faced by companies in these situations, including how to balance strategic acquisitions with organic growth, manage expectations about the scope, speed and success of our growth strategy and leverage operational infrastructure to support expansion.
- *Public company board experience.* Directors who have served on other public company boards can offer advice and perspective with respect to Board dynamics and operations; the relationship between the Board and Company management; and other matters, including corporate governance, executive compensation and oversight of strategic, operational and compliance-related matters.
- *Media and technology experience.* As a provider of online marketplaces, it is important for our directors to have media and technology experience, especially as this experience relates to the Internet.
- *Financial and accounting experience.* We believe that it is important for our directors to have knowledge of finance and financial reporting processes, which is relevant to understanding and evaluating the Company's capital structure and overseeing the preparation of its financial statements.
- *Legal experience.* Directors who have legal experience can assist the Board in fulfilling its responsibilities related to the oversight of the Company's legal and regulatory compliance efforts, and engagement with regulatory authorities.
- *Government experience.* Directors who have served in positions with government contractors, in government positions or have other experience working with federal, state, local or foreign governments can provide experience and insight into bidding for and obtaining government contracts and working constructively with governments around the world.

The specific qualifications and experience of the individual directors and nominees and certain other information are set forth on the following pages. For more information on the director nomination process, refer to "The Corporate Governance and Nominating Committee" above.

The Audit Committee has delegated authority to the Chair of the Audit Committee in some cases to pre-approve the provision of services by our independent registered public accounting firm, which pre-approvals the Chair then communicates to the full Audit Committee. To avoid potential conflicts of interest, the law prohibits a publicly traded company from obtaining certain non-audit services from its independent registered public accounting firm. We obtain these services from other service providers as needed.

Audit Committee Report

Liquidity Services' management is responsible for Liquidity Services' financial statements, internal controls and financial reporting process. Liquidity Services' independent registered public accounting firm, Ernst & Young LLP, is responsible for auditing the financial statements and for expressing an opinion as to whether those audited financial statements fairly present, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with U.S. generally accepted accounting principles. The Audit Committee was established for the purpose of representing and assisting the Board of Directors in overseeing Liquidity Services' accounting and financial reporting processes and audits of Liquidity Services' annual financial statements, including the integrity of Liquidity Services' financial statements, Liquidity Services' compliance with legal and regulatory authority requirements, the independent registered public accounting firm's qualifications and independence and the performance of Liquidity Services' independent registered public accounting firm. The members of the Audit Committee are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Ethics and Independence Rule 3526, "Communication with Audit Committees Concerning Independence" and the matters required to be discussed by PCAOB Auditing Standard No. 16. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm its independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2013 for filing with the Securities and Exchange Commission. The Board of Directors approved including the audited financial statements in the Company's Annual Report.

The Audit Committee:

George H. Ellis, Chair
Phillip A. Clough
Patrick W. Gross

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other filing under the Securities Act of 1933, as

amended, or the Exchange Act, except to the extent that we specifically incorporate the Audit Committee Report by reference therein.

ITEM 3—Approval of an Advisory Resolution on Executive Compensation

We are asking stockholders to approve an advisory resolution on the Company's executive compensation as reported in this proxy statement. As described below in the "Compensation Discussion and Analysis" section of this proxy statement, the Compensation Committee's goals in setting executive compensation are to support the attainment of our short- and long-term financial and strategic objectives, reward executives for continuous growth in earnings and stockholder value, and align executives' interests with those of our stockholders. To achieve these goals, our executive compensation structure emphasizes performance-based compensation, including annual incentive compensation and stock-based awards.

We urge stockholders to read the "Compensation Discussion and Analysis," beginning on page 37 of this proxy statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 49 through 62, which provide detailed information on the compensation of our named executive officers. The Board of Directors and the Compensation Committee believe that the policies and procedures articulated in the "Compensation Discussion and Analysis" are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement reflects and supports these compensation policies and procedures.

In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, stockholders will be asked at the Annual Meeting to approve the following advisory resolution:

RESOLVED, that the stockholders of Liquidity Services, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers described in the Compensation Discussion and Analysis and disclosed in the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2014 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

The Board of Directors has adopted a policy providing for annual "say-on-pay" advisory votes. Unless the Board of Directors modifies its policy on the frequency of holding "say-on-pay" advisory votes, the next "say-on-pay" advisory vote will occur in 2015.

Your Board of Directors unanimously recommends a vote FOR the advisory resolution on executive compensation.

ITEM 4—Re-Approval of the Material Terms of the Performance Goals under the 2006 Omnibus Long-Term Incentive Plan

Overview

The Company maintains the Liquidity Services Inc. 2006 Omnibus Long-Term Incentive Plan (the "Plan"). An amendment to the Plan was most recently approved by stockholders in 2009 to increase the number of shares available for issuance under the Plan. The Plan is intended to enhance the Company's ability to attract and retain highly qualified officers, directors, key employees, and other

persons, and to motivate such officers, directors, key employees, and other persons to serve the Company and to expend maximum effort to improve the business results and earnings of the Company, by providing to such persons an opportunity to acquire or increase a direct proprietary interest in the operations and future success of the Company. To this end, the Plan provides for the grant of stock options, stock appreciation rights, restricted stock, stock units, unrestricted stock, dividend equivalent rights and cash awards.

In order to allow for awards under the Plan to qualify as tax-deductible performance-based compensation under Section 162(m) of the Internal Revenue Code (the "Code"), the Company is asking stockholders to re-approve the material terms of the performance goals under the Plan as described in more detail below. These material terms are the same as those that the stockholders previously approved. Stockholders are not being asked to approve any changes or amendment to the Plan or to approve the Plan itself. Importantly, approval of this Item 4 will not increase the number of shares available for issuance under the Plan or otherwise increase the potential dilution to stockholders as a result of the Plan.

Why You Should Vote to Approve the Performance Goals Under the Plan

The Board of Directors recommends that the Company's stockholders approve the performance goals under the Plan because it believes the Company's ability to grant equity-based awards that are intended to qualify as performance-based under Section 162(m) of the Code is important to enhancing stockholder value.

Section 162(m) of the Code

The Board of Directors believes that it is in the best interests of the Company and its stockholders to continue to provide for an equity incentive plan under which compensation awards can be made to the Company's executive officers that are intended to qualify for deductibility by the Company for federal income tax purposes. Accordingly, the Plan has been structured in a manner such that awards granted under it can satisfy the requirements for "performance-based" compensation within the meaning of Section 162(m) of the Code, however, there can be no guarantee that amounts payable under the Plan will be treated as qualified "performance-based compensation" under Section 162(m). In general, under Section 162(m), in order for the Company to be able to deduct compensation in excess of \$1,000,000 paid in any one year to the Company's chief executive officer or any of the Company's three other most highly compensated executive officers (other than the Company's chief financial officer), such compensation must qualify as "performance-based." One of the requirements of "performance-based" compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by the Company's stockholders at least once every five years. For purposes of Section 162(m), the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. With respect to the various types of awards under the Plan, each of these aspects is discussed below, and, as noted above, stockholders are being asked under this proposal to approve each of these aspects of the Plan for purposes of the approval requirements of Section 162(m).

If our stockholders do not approve the material terms of the performance goals under the Plan, there will be no impact on the terms of the Plan. The Plan will continue to remain in existence and awards may continue to be made in accordance with the terms of the Plan.

Plan Summary

The following summary of the material terms of the Plan are qualified in their entirety by reference to the full text of the Plan, which is set forth in Appendix A to this Proxy Statement.

Administration

The Plan is administered by the Board of Directors, the Compensation Committee or other such committees as the Board of Directors may from time to time delegate. The Board of Directors or its designated committee has the authority to designate grantees, determine the type(s) of awards to be made to a grantee, determine the number of shares to be subject to an award, establish the terms and conditions of each award, prescribe the form of each award agreement and amend, modify or supplement the terms of each outstanding award, provided that no amendment, modification or supplement shall, without the consent of the grantee, impair the grantee's rights under such award or amend or modify an award such that it would be treated as a repricing without approval of the Company's stockholders.

Eligibility

Awards may be granted under the Plan to employees, officers, directors, consultants, advisers and outside directors of the Company. As of January 14, 2014, approximately 490 individuals were eligible to participate in the Plan, including our 6 executive officers and 5 non-employee directors.

Shares Subject to the Plan

The Plan currently authorizes the issuance of up to 10,000,000 shares of Liquidity Services, Inc. common stock. The aggregate number of shares which cumulatively may be available for issuance pursuant to awards other than options or SARs shall not exceed 3,500,000 and the number of shares that may be issued as incentive stock options ("ISOs") shall not exceed 10,000,000. Stock issued or to be issued under the Plan shall be authorized but unissued shares; or, to the extent permitted by applicable law, issued shares that have been reacquired by the Company. If any shares covered by an award are not purchased or are forfeited, or if an award otherwise terminates without delivery of any stock subject thereto, then the number of shares of stock counted against the aggregate number of shares available under the Plan with respect to such award shall, to the extent of any such forfeiture or termination, again be available for making awards under the Plan. The Board of Directors shall have the right to substitute or assume awards in connection with mergers, reorganizations, separations and certain other transactions.

Several types of stock grants can be made under the Plan. A summary of these grants is set forth below.

Stock Options

Stock options granted under the Plan can be either ISOs or nonqualified stock options. An option may constitute an ISO only (i) if the grantee of such option is an employee of the Company or any subsidiary of the Company; (ii) to the extent specifically provided in the related award agreement; and (iii) to the extent that the aggregate fair market value (determined at the time the option is granted) of the shares of stock with respect to which all ISOs held by such grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the grantee's employer and its affiliates) does not exceed \$100,000. This limitation is applied by taking options into account in the order in which they were granted.

The exercise price of stock options is at least the fair market value on the date of grant; provided, however, that in the event a grantee is a 10 percent stockholder, the option price of an option that is

intended to be an ISO may not be less than 110 percent of the fair market value on the date of grant. Options become exercisable at such times and under such conditions as are determined by the Board of Directors. Each option terminates ten years from the date of grant, or as set forth in the Plan or fixed by the Board of Directors; provided, however, that in the event that the grantee is a 10 percent stockholder, an option that is intended to be an ISO cannot be exercisable after five years from the date of grant. An option that is exercisable may be exercised by the grantee's delivery to the Company of a written notice of exercise. Such notice must be accompanied by payment in full of the option price of the shares for which the option is being exercised plus the amount (if any) of federal and/or other taxes which the Company may, in its judgment, be required to withhold with respect to an Award, or by "cashless exercise." Each award agreement sets forth the extent to which the grantee has the right to exercise the option following termination of the grantee's service.

Stock Appreciation Rights

A stock appreciation right ("SAR") confers on the grantee, upon exercise thereof, the excess of (A) the fair market value of one share of stock on the date of exercise over (B) the grant price of the SAR as determined by the Board of Directors. The award agreement for a SAR specifies the grant price of the SAR, which must be at least the fair market value of a share of stock on the date of grant. SARs may be granted in conjunction with all or part of an option granted under the Plan or at any subsequent time during the term of such option, in conjunction with all or part of any other award or without regard to any option or other award; provided that a SAR that is granted subsequent to the date of grant of a related option must have a grant price that is no less than the fair market value of one share of stock on the date of grant. The Board of Directors determines the time or times at which and the circumstances under which a SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the time or times at which SARs cease to be or become exercisable following termination of service or upon other conditions, the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which stock will be delivered or deemed to be delivered to grantees, whether or not a SAR is granted in tandem or in combination with any other award, and any other terms and conditions of any SAR.

Restricted Stock and Stock Units

Awards of restricted stock or stock units may be made for no consideration. At the time a grant of restricted stock or stock units is made, the Board of Directors may, in its sole discretion, establish a restricted period applicable to such restricted stock or stock units. Each award of restricted stock or stock units may be subject to a different restricted period. The Board of Directors may, in its sole discretion, at the time a grant of restricted stock or stock units is made, prescribe restrictions in addition to or other than the expiration of the restricted period, including the satisfaction of corporate or individual performance objectives, which may be applicable to all or any portion of the restricted stock or stock units. Neither restricted stock nor stock units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the restricted period or prior to the satisfaction of any other restrictions prescribed by the Board of Directors.

Unless the Board of Directors otherwise provides, holders of restricted stock have the right to vote such stock and the right to receive any dividends declared or paid with respect to such stock. The Board of Directors may provide that any dividends paid on restricted stock be reinvested in shares of stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such restricted stock. All distributions, if any, received by a grantee with respect to restricted stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction are subject to the restrictions applicable to the original grant. Holders of stock units have no rights as stockholders of the Company. The Board of Directors may provide that the holder of such stock units be entitled to

receive, upon the Company's payment of a cash dividend on its outstanding stock, a cash payment for each stock unit held equal to the per-share dividend paid on the stock. The Board of Directors may also provide that such cash payment will be deemed reinvested in additional stock units at a price per unit equal to the fair market value of a share of stock on the date that such dividend is paid. Unless the Board of Directors otherwise provides, upon the termination of a grantee's service, any restricted stock or stock units held by such grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited.

Unrestricted Stock Awards

The Board of Directors may, in its sole discretion, grant (or sell at par value or such other higher purchase price determined by the Board of Directors) an unrestricted stock award to any grantee pursuant to which such grantee may receive shares of stock free of any restrictions under the Plan. Unrestricted stock awards may be granted or sold as described in the preceding sentence in respect of past services and other valid consideration, or in lieu of, or in addition to, any cash compensation due to such grantee.

Dividend Equivalent Rights

A dividend equivalent right is an award entitling the recipient to receive credits based on cash distributions that would have been paid on the shares of stock specified in the dividend equivalent right (or other award to which it relates) if such shares had been issued to and held by the recipient. The terms and conditions of dividend equivalent rights shall be specified in the grant. Dividend equivalents credited to the holder of a dividend equivalent right may be paid currently or may be deemed to be reinvested in additional shares of stock, which may thereafter accrue additional equivalents. Any such reinvestment is made at fair market value on the date of reinvestment. Dividend equivalent rights may be settled in cash or stock or a combination thereof, in a single installment or installments, all determined in the sole discretion of the Board of Directors. A dividend equivalent right granted as a component of another award may provide that such dividend equivalent right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such dividend equivalent right will expire or be forfeited or annulled under the same conditions as such other award. A dividend equivalent right granted as a component of another award may also contain terms and conditions different from such other award. Except as may otherwise be provided by the Board of Directors, a grantee's rights in all dividend equivalent rights or interest equivalents shall automatically terminate upon the grantee's termination of service for any reason.

Performance Goals

The right of a grantee to exercise or receive a grant or settlement of any award, and the timing thereof, may be subject to such performance conditions as may be specified by the Board of Directors or the Compensation Committee. If and to the extent that the Compensation Committee determines that an award to be granted to a grantee who is designated by the Compensation Committee as likely to be a covered employee within the meaning of Section 162(m) of the Code should qualify as "performance-based compensation" for purposes of Section 162(m) of the Code, the grant, exercise and/or settlement of such award shall be contingent upon achievement of pre-established performance goals. For purposes thereof, the performance goals may consist of one or more of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used exclusively by the Compensation Committee in establishing performance goals for such awards: (1) total stockholder return; (2) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index; (3) net income; (4) pretax earnings; (5) earnings before interest expense, taxes,

depreciation and amortization; (6) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (7) operating margin; (8) earnings per share; (9) return on equity; (10) return on capital; (11) return on investment; (12) operating earnings; (13) working capital; (14) ratio of debt to stockholders' equity; (15) revenue; and (16) gross merchandise value. Business criteria may be measured on an absolute basis or on a relative basis (i.e., performance relative to peer companies) and on a GAAP or non-GAAP basis. Such performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such awards, or at such other date as may be required or permitted for "performance-based compensation" under Code Section 162(m). The maximum amount that may be earned under a cash award in any calendar year by any one grantee shall be \$3,000,000 and the maximum amount that may be earned as a cash award in respect of a performance period by any one grantee shall be \$5,000,000.

Corporate Transactions

Upon the occurrence of (i) the dissolution or liquidation of the Company or a merger, consolidation, or reorganization of the Company with one or more other entities in which the Company is not the surviving entity, (ii) a sale of substantially all of the assets of the Company to another person or entity, or (iii) any transaction (including without limitation a merger or reorganization in which the Company is the surviving entity) which results in any person or entity (other than persons who are stockholders or affiliates immediately prior to the transaction) owning 50% or more of the combined voting power of all classes of stock of the Company:

(a) all outstanding shares of restricted stock shall be deemed to have vested, and all stock units shall be deemed to have vested and the shares of stock subject thereto shall be delivered, immediately prior to the occurrence of such corporate transaction; and

(b) either of the following two actions shall be taken:

(1) fifteen days prior to the scheduled consummation of a corporate transaction, all options and SARs outstanding under the Plan shall become immediately exercisable and shall remain exercisable for a period of fifteen days; or

(2) the Board of Directors may elect, in its sole discretion, to cancel any outstanding awards of options, restricted stock, stock units, and/or SARs and pay or deliver, or cause to be paid or delivered, to the holder thereof an amount in cash or securities having a value (as determined by the Board of Directors acting in good faith), in the case of restricted stock or stock units, equal to the formula or fixed price per share paid to holders of shares of stock and, in the case of options or SARs, equal to the product of the number of shares of stock subject to the option or SAR (the "Award Shares") multiplied by the amount, if any, by which (I) the formula or fixed price per share paid to holders of shares of stock pursuant to such transaction exceeds (II) the option price or SAR exercise price applicable to such Award Shares.

With respect to the Company's establishment of an exercise window, (i) any exercise of an option or SAR during such fifteen-day period will be conditioned upon the consummation of the event and will be effective only immediately before the consummation of the event, and (ii) upon consummation of any corporate transaction, the Plan, and all outstanding but unexercised options and SARs shall terminate. The corporate transaction provisions do not apply to any corporate transaction to the extent that provision is made in writing in connection with such corporate transaction for the assumption or continuation of the options, SARs, stock units and restricted stock theretofore granted, or for the substitution for such options, SARs, stock units and restricted stock for new common stock options and stock appreciation rights and new common stock, stock units and restricted stock relating to the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number of shares (disregarding any consideration that is not common stock) and option and stock appreciation

right exercise prices, in which event the Plan, options, SARs, stock units and restricted stock theretofore granted will continue in the manner and under the terms so provided.

Amendment

The Board of Directors may, at any time and from time to time, amend, suspend, or terminate the Plan as to any shares of stock as to which awards have not been made. An amendment shall be contingent on approval of the Company's stockholders to the extent stated by the Board of Directors, required by applicable law or required by applicable stock exchange or market listing requirements. No amendment, suspension, or termination of the Plan may, without the consent of the grantee, impair rights or obligations under any award theretofore awarded under the Plan.

U.S. Federal Income Tax Consequences

The following is a summary of the material U.S. federal income tax consequences to the Company and to recipients of stock options and stock appreciation rights under the Plan. The summary is based on the United States Internal Revenue Code and the U.S. Treasury regulations promulgated under the Code in effect as of the date of this proxy statement, all of which are subject to change with retroactive effect. The summary is not intended to be a complete analysis or discussion of all potential tax consequences that may be important to recipients of awards under the Plan. The laws governing the tax aspects of these awards are highly technical, and such laws are subject to change. Different tax rules may apply to specific participants and transactions under the Plan, particularly in jurisdictions outside the United States.

Nonqualified Stock Options and Stock Appreciation Rights

The recipient will not have any income at the time a nonqualified stock option or a SAR is granted nor will the Company be entitled to a deduction at that time. When a nonqualified option is exercised, the optionee generally will recognize ordinary income (whether the option price is paid in cash or by delivery or surrender of shares of common stock), in an amount equal to the excess of the fair market value of the shares to which the option exercise pertains over the option exercise price. When an SAR is exercised, the holder will recognize ordinary income equal to the sum of (a) the gross cash proceeds payable and (b) the fair market value on the exercise date of any shares received. The Company will be entitled to a corresponding deduction with respect to a nonqualified stock option or SAR equal to the ordinary income recognized by the optionee or holder of the SAR, provided that the deduction is not disallowed by Section 162(m) or otherwise limited by the Code.

ISOs

A recipient will not have any income at the time an ISO is granted or have regular taxable income at the time the ISO is exercised. However, the excess of the fair market value of the shares at the time of exercise over the option exercise price will be a preference item that could create an alternative minimum tax liability for the optionee. Such alternative minimum tax may be payable even though the optionee receives no cash upon the exercise of the ISO with which to pay such tax. If the optionee disposes of the shares acquired on exercise of an ISO after the later of two years after the grant of the ISO and one year after exercise of the ISO, the gain recognized by the optionee (i.e., the excess of the proceeds received over the option exercise price), if any, will be long-term capital gain eligible for favorable tax rates under the Code. Conversely, if the optionee disposes of the shares within two years of the grant of the ISO or within one year of exercise of the ISO, the disposition will generally be a "disqualifying disposition," and the optionee will recognize ordinary income in the year of the disqualifying disposition equal to the lesser of (i) the excess of the fair market value of the stock on the date of exercise over the option exercise price and (ii) the excess of the amount received for the shares over the option exercise price. The balance of the gain or loss, if any, will be long-term or short-term

capital gain, depending on how long the shares were held. The Company is not entitled to a deduction as the result of the grant or exercise of an ISO. However, if the optionee recognizes ordinary income as a result of a disqualifying disposition, the Company will be entitled to a corresponding deduction equal to the amount of ordinary income recognized by the optionee, provided that the deduction is not disallowed by Section 162(m) or otherwise limited by the Code. We intend that awards granted under the Plan comply with, or are otherwise exempt from, Section 409A of the Code.

Section 162(m) Awards

The right of a grantee to exercise or receive a grant or settlement of any award, and the timing thereof, may be subject to such performance conditions as may be specified by the Board of Directors. The Board of Directors may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce the amounts payable under any award subject to performance conditions, except as limited by the Plan in the case of a performance award or annual incentive award intended to qualify under Code Section 162(m). If and to the extent required under Code Section 162(m), any power or authority relating to a performance award or annual incentive award intended to qualify under Code Section 162(m), shall be exercised by the Compensation Committee and not the Board of Directors.

It is the intent of the Company that performance awards and annual incentive awards granted to persons who are designated by the Compensation Committee as likely to be covered employees within the meaning of Code Section 162(m) and regulations thereunder (generally including the chief executive officer and the three most other highly-compensated executive officers other than the chief financial officer) shall, if so designated by the Compensation Committee, constitute "qualified performance-based compensation" within the meaning of Code Section 162(m) and regulations thereunder. The rules and regulations promulgated under Section 162(m), however, are complicated and subject to change from time to time, sometimes with retroactive effect. In addition, a number of requirements must be met in order for particular compensation to so qualify. As such, there can be no assurance that any compensation awarded or paid under the Plan will be deductible under all circumstances.

New Plan Benefits

The benefits that will be awarded or paid in the future under the Plan are not currently determinable. Such awards are within the discretion of the Compensation Committee, and the Compensation Committee has not determined future awards or who might receive them. Information about awards granted in fiscal year 2013 under the Plan to the Company's named executive officers can be found in the table under the heading "Grants of Plan-Based Awards for Fiscal 2013" on page 53 of this proxy statement. As of January 14, 2014, the closing price of a share of the Company's common stock was \$21.60.

Existing Plan Benefits

Pursuant to SEC rules, the following table sets forth information with respect to the number of shares underlying grants of all types of awards under the Plan that have been granted through

January 14, 2014 that count against the Plan's maximum share authorization. These share numbers do not take into account the effect of options that have been canceled or expired unexercised.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

This section describes our compensation strategy, programs and practices for the executive officers listed in the Summary Compensation Table that follows this discussion. In this proxy statement, we refer to these individuals as our named executive officers.

Executive Summary

Our executive compensation philosophy and the elements of our executive compensation program with regard to fiscal 2013 are summarized below:

- The main objectives of our executive compensation program are to support the attainment of our short- and long-term financial and strategic objectives, reward executives for continuous growth in earnings and stockholder value, and align executives' interests with those of our stockholders.
- Our executive compensation program emphasizes performance-based compensation, including annual incentive compensation and stock-based awards, including stock options and restricted stock.
- Our Compensation Committee is responsible for evaluating and setting the compensation levels of our named executive officers. In setting compensation levels for executives, the Committee solicits the input and recommendations of our Chairman and CEO. The Compensation Committee periodically engages an independent compensation consultant to conduct market reviews of our competitive market for executive talent. In fiscal 2012, the Committee engaged Towers Watson to conduct a review of new market data for use in determining fiscal 2013 compensation levels.

- Compensation for our named executive officers during fiscal 2013 generally was lower than target levels as a result of Company financial performance. As discussed below, the Company's fiscal 2013 performance led to below-target annual incentive compensation for our named executive officers because we did not achieve all of our target goals for company financial performance under our annual incentive bonus plan.
- To support the retention and incentive purposes of our executive compensation program, in fiscal 2013 each of our named executive officers received time-based and performance-based stock option and restricted stock awards.

General Compensation Philosophy

Liquidity Services' executive compensation programs are designed to support the attainment of our short- and long-term financial and strategic objectives, reward executives for continuous growth in earnings and stockholder value, and align executives' interests with those of our stockholders. The goal of Liquidity Services' compensation programs is to attract, retain and motivate key executives, and to encourage a long-term commitment to Liquidity Services. To achieve these objectives, the Compensation Committee uses a variety of compensation elements, including: base salary, annual cash incentive compensation, long-term incentive compensation and certain other compensation and benefits.

Factors Considered When Determining Compensation. The Compensation Committee seeks to set executive compensation at competitive levels that the Compensation Committee considers appropriate for a company of our size and stage of growth. On an annual basis, the Compensation Committee determines and approves the total compensation level of each of our named executive officers based on its evaluation of external market conditions, Company performance and each named executive officer's individual performance relative to pre-established performance goals and objectives. The Compensation Committee also considers each executive's level of experience, unique skills and abilities critical to the Company, and the executive's tenure, position and responsibilities with the Company. The Compensation Committee considers recommendations from the Chairman and CEO regarding levels for base salary, annual incentive awards and long-term incentive awards for named executive officers. The Chairman and CEO annually provides to the Compensation Committee historical and prospective breakdowns of the total direct compensation components for each named executive officer. The Chairman and CEO also recommends financial and non-financial performance goals for each named executive officer under the annual cash incentive compensation plan.

Market Data. Periodically, the Compensation Committee has engaged a leading industry compensation consultant to assess the market competitiveness of our executive compensation program so that our program attracts and retains executive talent essential to achieve our business plans. During fiscal 2012, the Compensation Committee engaged Towers Watson to assess the market competitiveness of our executive compensation program for purposes of evaluating and setting fiscal 2013 executive compensation. After considering the following six factors with respect to Towers Watson: (i) the provision of other services to us by Towers Watson; (ii) the amount of fees received from us by Towers Watson, as a percentage of the total revenue of Towers Watson; (iii) the policies and procedures of Towers Watson that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the Towers Watson consultant with a member of the Compensation Committee; (v) any of our stock owned by the Towers Watson consultants; and (vi) any business or personal relationship of the Towers Watson consultant or Towers Watson with any of our executive officers, our Compensation Committee has concluded that no conflict of interest exists with Towers Watson. The scope of Towers Watson's work included a review of the Company's executive compensation practices, assistance with development of an appropriate peer group, and presentation to the Compensation Committee of a report regarding executive compensation trends for similarly sized companies and the market competitiveness of our executive compensation program. During fiscal 2012, Towers Watson was

engaged directly by the Compensation Committee and did not provide any services to the Company other than the executive and director compensation consulting services described above.

To assist the Compensation Committee in its market review for fiscal 2013, the Committee's compensation consultant prepared an analysis of the market competitiveness of the aggregate value of total direct compensation (base salary, annual incentive bonus and long-term incentives) as well as the market competitiveness of each element of compensation for each named executive officer (except with respect to Mr. Casusol, who joined the Company in February 2013). The market review was based upon two different sources of compensation data provided by Towers Watson—published surveys and a selected peer group of e-commerce companies. The survey sources relied upon for the market review were national surveys and contained compensation data for both high-technology sector companies as well as similarly sized general industry companies. These survey sources were the 2011 Towers Watson General Industry Executive Compensation Survey Report, 2011 Towers Watson General Industry Top Management Compensation Survey and 2011 Towers Watson Long-Term Incentive Plan Report. The survey data was used as a market reference to assess how the Company's compensation practices for top executives compare to market practices and to confirm that the overall compensation mix is reasonably aligned with the marketplace.

The peer companies utilized in Towers Watson's review were approved by the Compensation Committee and contained six new companies and eliminated five companies (three based on acquisitions and two based on various size factors) as compared to the Company's historical peer group. The updated peer group was developed using several criteria as a guide (*e.g.*, company size, net income, growth, location, internet presence and technology focus) and includes 19 companies, with revenues ranging from \$155 million to \$817 million. The peer group companies for the fiscal 2013 review were:

- comScore, Inc.
- 1-800-FLOWERS.COM Inc.
- Richie Bros. Auctioneers Incorporated
- Corporate Executive Board Co.
- VistaPrint Ltd.
- NeuStar Inc.
- TNS Inc.
- WebMD Health Corp.
- Blue Nile Inc.
- Digital River Inc.
- Deltek Inc.
- TeleCommunication Systems Inc.
- CoStar Group Inc.
- Rosetta Stone Inc.
- Shutterfly, Inc.
- U.S. Auto Parts Network Inc.
- Online Resources Corp.
- GeoEye, Inc.

The compensation decisions specific to each component of total direct compensation for the named executive officers are discussed below.

Pay Mix. Because our named executive officers are in a position to directly influence the Company's performance, a significant portion of their compensation is delivered in the form of annual cash incentive bonus and long-term incentive compensation. We rely on a mix of compensation components intended to reward short-term results (in the form of annual cash incentive bonuses) and motivate long-term performance (in the form of option and restricted stock grants that vest over several years). We do not have a specific allocation target between cash and equity-based compensation or between annual and long-term incentive compensation. Instead, we retain the flexibility when determining the compensation mix to react to our evolving business environment and our specific hiring

and retention requirements. In fiscal 2013, approximately 59% or more of each of our named executive officer's target total direct compensation, including approximately 76% of the target total direct compensation for the Chairman and CEO, was performance-based and/or tied directly to the performance of our stock (in the form of target annual cash incentive bonuses and stock options and restricted stock awards), consistent with the Company's compensation philosophy to link executive compensation with stockholder returns and achievement of strategic business objectives.

Base Salary

Purpose. Salaries for named executive officers are designed to be competitive when compared with prevailing market rates and are based on a variety of factors, including level of responsibility, performance and the recommendations of the Chairman and CEO. Base salaries are reviewed annually or at the time of promotion or other changes in responsibilities. In determining whether to award base salary increases, the Compensation Committee considers the Company's overall business outlook, the Company's budget, the executive's individual performance, historical compensation, market compensation levels for comparable positions, internal pay equity and other factors, including any retention concerns. Under the terms of the employment agreements in place with our named executive officers, the Compensation Committee may not adjust the salary of a named executive officer downward unless the named executive officer consents to a reduction.

Fiscal 2013 Decisions. The Compensation Committee approved base salary increases for each of the named executive officers in fiscal 2013 (other than Mr. Casusol, who joined the Company in February 2013). These increases primarily reflected a cost of living adjustment over the prior year's base salary and an adjustment to set base salaries to levels comparable to the 50th percentile of the peer group. Prior to this increase, Mr. Angrick's base salary fell more than 27% below the survey market median. Effective October 1, 2012, the Compensation Committee approved base salaries in the following amounts for our named executive officers:

<u>Named Executive Officer</u>	<u>2013 Salary</u>	<u>2012 Salary</u>	<u>Percentage Increase</u>
William P. Angrick, III	\$ 600,000	\$ 450,000	33%
James M. Rallo	320,800	311,456	3%
Thomas B. Burton	306,300	297,413	3%
G. Cayce Roy	300,900	289,327	4%
Leoncio Casusol(1)	300,000	n/a	n/a

(1) Mr. Casusol joined the Company effective February 4, 2013.

The Compensation Committee utilizes a report of market compensation levels prepared by its independent compensation consultant in order to evaluate the executives' base salaries. The Compensation Committee generally seeks to set base salaries at the 50th percentile of the peer group, adjusting for experience and other factors such as tenure, individual performance and responsibilities.

Annual Incentive Compensation

Purpose. Annual incentive compensation is an "at risk" performance-based cash bonus that is designed to motivate our named executive officers to achieve pre-established corporate financial and individual performance objectives that are consistent with the Company's strategic plan. Bonuses under the plan are payable if, and only to the extent that, these pre-established objectives are achieved. The Compensation Committee retains the discretion to increase or decrease payouts under the bonus plan in connection with its review of the Company's and the executive's performance during the year. The Compensation Committee did not exercise this discretion with respect to fiscal 2013 bonuses payable to the named executive officers. Compensation paid under the plan has varied significantly from year to

year. For example, over the last five years, the bonus of our Chairman and CEO has ranged from 0 to 205% of his base salary.

The annual incentive bonus plan is also designed to attract and retain key employees by providing our named executive officers with a significant opportunity to earn additional annual cash compensation. As noted below, the target opportunities of our named executive officers range from 60% to 100% of base salary, with a maximum opportunity of between 100% and 200% of the base salary. The Committee did not set a maximum bonus opportunity for Mr. Casusol for fiscal 2013. The Committee strives to set the annual incentive plan target opportunity at the median of the peer group with potential for upper quartile pay based on superior performance of the Company and the individual.

Fiscal 2013 Target Bonus Opportunities. At the beginning of each fiscal year, the Committee establishes the performance goals and target and maximum cash bonus awards for each named executive officer. Each target and maximum cash bonus award is set as a percentage of each named executive officer's base salary. The amount of the cash bonus ultimately awarded depends on the achievement of performance goals. The "Grants of Plan-Based Awards for Fiscal 2013" table below shows the range of possible payments to each of our named executive officers under the annual incentive bonus plan in fiscal 2013.

For fiscal 2013, the annual incentive cash award target and maximum bonus of our named executive officers were:

<u>Named Executive Officer</u>	<u>Fiscal 2013 Target Bonus Percentage of Base Salary</u>	<u>Fiscal 2013 Annual Incentive Target</u>	<u>Fiscal 2013 Maximum Bonus Percentage of Base Salary</u>
William P. Angrick, III	100%	\$ 600,000	200%
James M. Rallo	60%	192,480	120%
Thomas B. Burton	80%	245,040	120%
G. Cayce Roy	60%	180,540	100%
Leoncio Casusol	60%	180,000	60%

The Committee established these target and maximum cash bonus award opportunities based upon (1) the relative scope and responsibility of the named executive officer's position and his respective impact on overall Company performance and (2) comparative compensation data based on the Committee's review of the competitive market conducted for fiscal 2013. For fiscal 2013, the target bonus opportunity for each of our named executive officers other than Mr. Casusol remained the same as for fiscal 2012. The Compensation Committee determined that the target bonus opportunities of our named executive officers (other than Mr. Burton) were at or near the 75th percentile of the competitive market data reviewed for fiscal 2013. The Committee determined that it was appropriate for Mr. Burton's target bonus opportunity to be above the 75th percentile because of the significance to the Company of his role as head of Capital Assets Group and to incentivize participation in company-wide growth initiatives.

Fiscal 2013 Performance Goals. At the beginning of the fiscal year, the Compensation Committee established performance goals for the plan based on recommendations from management. For fiscal 2013, the Committee determined that awards under the plan for our named executive officers other than Messrs. Burton and Roy would be based on the achievement of two corporate performance goals (Gross Merchandise Volume ("GMV") with respect to all commercial and municipal marketplaces other than the DOD Surplus marketplace ("Commercial GMV") and Adjusted EBITDA), business integration objectives and achievement of certain individual management objectives. For Messrs. Burton and Roy, however, the Committee determined that the portion of their bonuses tied to financial performance would be based primarily on marketplace-specific performance goals (the Capital Assets

Group marketplace with respect to Mr. Burton and the Retail Supply Chain Group marketplace with respect to Mr. Roy) rather than Company-wide performance metrics because of their leadership of the respective marketplaces, with the remainder of their bonuses based on the achievement of the business integration objectives and certain individual management objectives, a portion of which were tied to company-wide growth initiatives. Mr. Casusol was eligible for a pro-rated bonus tied to the achievement of individual management objectives tied to the Company's IT strategic plan. The performance goals carry different weights for our named executive officers based on their position and responsibilities. The relative weights assigned to corporate, marketplace and individual goals for fiscal 2013 are as follows:

<u>Name and Principal Position</u>	<u>Commercial GMV</u>	<u>Adjusted LSI EBITDA</u>	<u>Business Integration</u>	<u>Individual Performance</u>
William P. Angrick, III <i>Chairman and Chief Executive Officer</i>	25%	25%	25%	25%
James M. Rallo <i>Chief Financial Officer and Treasurer</i>	25%	25%	20%	30%
Thomas B. Burton <i>Executive Vice President and President, Capital Assets Group</i>	10%	0%	10%	80%
G. Cayce Roy <i>Executive Vice President and President, Retail Supply Chain Group</i>	10%	0%	10%	80%
Leoncio Casusol <i>Chief Information Officer</i>	0%	0%	0%	100%

Similar to fiscal 2012, the Committee's evaluation of the Company's financial performance under the plan for fiscal 2013 was based on two Company-wide goals—Commercial GMV and Adjusted EBITDA. Commercial GMV measures the total sales volume of all commercial and municipal merchandise sold through the Company's marketplaces during a given period. Adjusted EBITDA is based on the measurement of earnings before interest, taxes, depreciation and amortization, as adjusted for non-cash stock compensation expense. The Committee selected these metrics as the corporate performance measures because they continue to be key metrics used by management to measure the Company's business performance and the basis upon which we communicate forward-looking financial information to the investment community. The target Commercial GMV goal for fiscal 2013 was \$891 million, approximately 35% greater than fiscal 2012 results. If the Company had achieved a Commercial GMV of less than \$660.0 million, then no bonus would have been earned with respect to this goal. The target Adjusted EBITDA goal established for fiscal 2013 was \$130.5 million, reflecting an increase of approximately 19% over fiscal 2012 results. Because the Company achieved an Adjusted EBITDA of less than \$121.0 million, no bonus was earned with respect to this goal.

For the named executive officers other than Mr. Casusol, the business integration objectives included developing marketing strategy for our seller- and buyer-facing brands and further penetrating and cross-selling to existing strategic accounts. The Committee determined that 100% of the business integration goals were met with respect to fiscal 2013.

The individual performance goals established for each of our named executive officers varied based on his relative job responsibilities and emphasized improvement in metrics or operational objectives within the control of each named executive officer. Each of our named executive officers had three to six individual management objectives designed to further each of the following two Company strategic initiatives of market leadership and of collaboration, integration and transformation. Each individual

management objective is weighted differently as noted below. To the extent that an objective was determined to be critical to the Company's strategy and business plan, it may have served as an individual objective of more than one named executive officer.

Our Chairman and Chief Executive Officer's individual performance was evaluated based on the following five individual objectives (which comprised 25% of his total annual bonus opportunity):

- Enhance our competitive position and grow our customer bases by advancing our partnership programs
- Enhance our competitive position and diversify our business model by advancing our M&A program
- Enhance our profile within the marketplace and cross-sell our services
- Integrate our Capital Assets Group organization by leveraging our marketplace platform, our economies of scale and core competencies
- Enhance our ability to manage growth by strengthening our human capital development across the Company

Mr. Rallo's individual performance was evaluated based on the following four individual objectives (which comprised 30% of his total annual bonus opportunity):

- Enhance our investor relations program and host investor day
- Strengthen our leadership and develop human capital by evaluating and attracting talent to fulfill outstanding needs in the global finance organization
- Integrate the Capital Assets Group organization by implementing common policies and procedures
- Support our global compliance programs by implementing training and updating procedures

Mr. Casusol's individual performance was evaluated based on the following five individual objectives (which comprised 100% of his total annual bonus opportunity):

- Partner with the Company's leadership team to align the Company's overall technology strategy with the Company's business plan in order to support rapid growth and geographical expansion
- Develop and communicate an IT organization business plan
- Develop new technology services to support global operations and enable new premium value added services
- Focus the IT organization on process optimization and automation by formalizing and standardizing all operational processes
- Implement procedures for infrastructure consolidation in order to reduce licensing and maintenance costs

Mr. Burton's individual performance was evaluated based on the following three individual objectives (which together comprised 80% of his total annual bonus opportunity, and was further divided such that 80% was related to EBITDA of the Capital Assets Group and 20% was related to personal management objectives):

- Complete the Capital Assets Group integration projects
- Support growth in targeted large corporate accounts

- Support LSI corporate initiatives with respect to the Company's branding, sales force integration and the strategic road map
- EBITDA of each of government and commercial portions of the Capital Assets Group, respectively. Because we believe disclosure of the EBITDA results for the Capital Assets Group marketplace and its subcomponents would cause the Company competitive harm by publishing sensitive information that would not otherwise be disclosed, the Company is not disclosing this target. The Committee cannot specify the degree of difficulty required to meet the EBITDA target, but believes that achievement of the target goal would have required substantial and sustained performance by the marketplace. The target EBITDA goal was consistent with the Company's annual business plan and strategic objectives, and achievement of the target goal required extensive business development efforts, a significant increase in inventory velocity and continued improvement in service levels.

Mr. Roy's individual performance was evaluated based on the following four individual objectives (which comprised 80% of his total annual bonus opportunity, and was further divided such that 50% was related to contribution margin of the Retail Supply Chain Group, 20% was related to the addition of new strategic accounts and 10% was related to personal management objectives):

- Complete the Retail Supply Chain Group's information technology roadmap projects
- Develop and grow buyer channels
- Add new strategic accounts
- Contribution margin of the Retail Supply Chain Group (which means margin contributed from an individual marketplace before allocation of certain expenses), which is based on the measurement of earnings before interest, taxes, depreciation and amortization, as adjusted for non-cash stock compensation expense. Because we believe disclosure of the contribution margin results for the Retail Supply Chain Group marketplace would cause the Company competitive harm by publishing sensitive information that would not otherwise be disclosed, the Company is not disclosing this target. The Committee cannot specify the degree of difficulty required to meet the contribution margin target, but believes that achievement of the target goal would have required substantial and sustained performance by the marketplace. The target contribution margin goal was consistent with the Company's annual business plan and strategic objectives, and achievement of the target goal required extensive business development efforts, a significant increase in inventory velocity and continued improvement in service levels.

Fiscal 2013 Results and Payouts. At the end of the performance year, our Chairman and CEO assessed the achievement of the Company and individual performance goals and made a recommendation to the Committee regarding the annual bonus payouts. The target cash bonus of each of our named executive officers is shown in the "Grants of Plan-Based Awards for Fiscal 2013" table, and the actual amounts earned by our named executive officers are shown in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table, which amounts were paid to the executives after the end of the fiscal year.

In determining the amount of the fiscal 2013 awards, the Committee assessed the Company's and each named executive officer's performance measured against the previously described corporate, business integration and individual management objectives. For fiscal 2013, the Company achieved Commercial GMV that exceeded threshold but fell short of the target performance level, and Adjusted EBITDA of \$104.6 million, which fell short of the threshold level, resulting in payouts for only the Commercial GMV component equal to 24% of target. The Committee determined that 100% of the business integration objectives were achieved resulting in payout for that component at target.

The Compensation Committee awarded Mr. Angrick an annual cash incentive bonus of 43% of his target bonus, resulting in a bonus payment of \$255,990, based on our fiscal 2013 corporate performance, achievement of 100% of the business integration objectives and achievement of 47% of his individual objectives. Mr. Rallo was awarded 56% of his target bonus, resulting in a bonus payment of \$107,789, based on our fiscal 2013 corporate performance, achievement of 100% of the business integration objectives and achievement of 100% of his individual objectives. Mr. Casusol was awarded 100% of his target bonus, resulting in a bonus payment of \$180,000, based on achievement of 100% of his individual objectives.

Mr. Burton was awarded 53% of his target bonus, resulting in a bonus payment of \$130,614, based on our fiscal 2013 Commercial GMV corporate performance, achievement of 100% of the business integration objectives, his achievement of 100% of his personal management objectives, the Capital Assets Group marketplace's achievement of 104% of EBITDA targets with respect to the government portion of the Capital Assets Group. The commercial portion of Capital Assets Group did not achieve EBITDA at the threshold level, resulting in no payout for this metric.

Mr. Roy was awarded 46% of his target bonus, resulting in a bonus payment of \$83,771, based on our fiscal 2013 Commercial GMV corporate performance, achievement of 100% of the business integration objectives, his achievement of 100% of his personal management objectives. The Retail Supply Chain Group marketplace did not achieve the contribution margin at the threshold level resulting in no payout for this metric.

Fiscal 2014 Bonus Plan. At its November 2013 meeting, the Compensation Committee determined that the corporate financial measures for our fiscal 2014 annual incentive compensation plan will be Commercial GMV and commercial contribution margin growth from all marketplaces other than the DOD Surplus marketplace. The Compensation Committee decided to include business integration objectives, including integrating sales automation platforms, marketplaces and the buyer experience and developing aligned global seller facing brands. The relative weight assigned to corporate, business integration and individual goals for fiscal 2014 is as follows:

<u>Name and Principal Position</u>	<u>Commercial GMV</u>	<u>Commercial Cntr. Margin Growth</u>	<u>LSI Business Integration</u>	<u>Individual Performance</u>
William P. Angrick, III <i>Chairman and Chief Executive Officer</i>	25%	25%	25%	25%
James M. Rallo <i>Chief Financial Officer and Treasurer</i>	25%	25%	20%	30%
Thomas B. Burton <i>Executive Vice President and President, Capital Assets Group</i>	0%	0%	7%	93%
G. Cayce Roy <i>Executive Vice President and President, Retail Supply Chain Group</i>	10%	0%	10%	80%
Leoncio Casusol <i>Chief Information Officer</i>	10%	10%	10%	70%

Long-Term Incentive Compensation

Purpose. We grant equity-based compensation to our named executive officers in order to attract, retain and reward our executives and strengthen the mutuality of interests between our named executive officers and Liquidity Services' stockholders. The Compensation Committee annually

determines whether to grant stock options or other equity-based incentives to executives. In making its determinations, the Compensation Committee considers factors such as market data, the executive's and the Company's performance in the last year and the results achieved by the executive, the executive's base salary and the Compensation Committee's view regarding the future potential of long-term contributions of the executive. Recommendations of the Chairman and CEO are also taken into consideration.

The Compensation Committee historically had granted our named executive officers long-term incentive awards in the form of stock options. As in fiscal 2012, our long-term incentive compensation program in fiscal 2013 provided grants of stock options and restricted stock under our 2006 Omnibus Long-Term Incentive Plan, which has been approved by our stockholders.

The Compensation Committee has historically granted annual equity awards with respect to each fiscal year after financial results are available for the prior fiscal year at a regularly scheduled meeting. As the Compensation Committee's meeting schedule is established prior to the start of each fiscal year, the proximity of any award grants to earnings announcements or other market events is coincidental. For annual awards, the Compensation Committee's policy is to grant options and restricted stock awards on the date it approves them. The option exercise price is determined in accordance with the terms of the plan under which the award is granted (generally, the closing price on the date of grant) and cannot be less than the fair market value of our Common Stock as of that date. In addition to annual options awards, our named executive officers may receive stock options in connection with the commencement of employment or upon promotion. In these cases, the exercise price is typically the closing price of our common stock on the date the executive begins employment or the effective date of the promotion.

Fiscal 2013 Annual Awards. In fiscal 2013, the Compensation Committee granted a mix of time-based stock options and restricted stock awards and performance-based stock options and restricted stock awards to each of our named executive officers other than Mr. Casusol as part of the annual grant for fiscal 2013. Approximately 40% of the equity award value was in the form of stock options (with 50% subject to performance-based vesting terms and 50% subject to time-based vesting terms over four years), and 60% was in the form of restricted stock (with 50% subject to performance-based vesting terms and 50% subject to time-based vesting terms over four years, except with respect to Mr. Burton who received 81% of his restricted stock in the form of performance-based restricted stock due to his receiving a special one-time grant of 10,000 shares of restricted stock to incentivize achievement of certain Capital Assets Group Contribution Margin performance goals). We granted a portion of our annual equity awards in the form of performance-based stock options and restricted stock awards in order to incentivize the named executive officers to increase cross-company growth, particularly with respect to the marketplaces other than the DOD Surplus marketplace. These awards will vest in installments at the end of each fiscal year over a four-year period based on our compounded annual growth rate ("CAGR").

Special Equity Grant to Mr. Rallo. In July of 2013, we made an additional grant of both time-based and performance-based stock option and restricted stock awards to Mr. Rallo in recognition of the expanded scope and operational impact of his role in connection with the international expansion of our business, his critical role in achieving the ongoing operational and financial integration of acquired business, to retain his talent in the coming years and to facilitate and encourage ownership of our common stock. The grant consisted of 60% restricted stock and 40% stock options and 70% of the grant had performance-based vesting conditions and 30% had time-based vesting conditions. The Committee reviewed the market data provided by Towers Watson in connection with making this mid-year grant. The performance-vesting conditions are the same as those indicated above for the 2013 annual grants.

New Hire Grant to Mr. Casusol. Mr. Casusol joined the Company effective February 4, 2013. In connection with his appointment as Chief Information Officer, he received a grant of both time-based and performance-based restricted stock awards. The performance-based restricted stock is subject to the same vesting conditions described above for the 2013 annual grants. In determining the size of Mr. Casusol's grant, the compensation committee considered internal pay equity concerns, the compensation of the Company's former Chief Information Officer and the market data provided by Towers Watson.

In determining the size of the annual grants to our named executive officers, the Compensation Committee considered the size of equity awards granted in fiscal 2012, the scope of job responsibilities, experience, individual performance and recommendations of the Chairman and CEO. Generally, the Committee seeks to target named executive officers' annual long-term incentive award values at a level between the 50th and 75th percentile of the Company's peer group based on a target value as a percentage of base salary. The grant date fair values of options and restricted stock awarded to our named executive officers in fiscal 2013 were within or just below this range.

The grant date fair value of each of our named executive officer's stock options and restricted stock awards as a percentage of base salary is as shown in the table below.

<u>Named Executive Officer</u>	<u>Grant Date Fair Value of Annual Award as a Percentage of Base Salary*</u>
William P. Angrick, III	192%
James M. Rallo	148%
Thomas B. Burton	248%
G. Cayce Roy	101%
Leoncio Casusol	n/a

* We calculated the grant date fair value of stock options by multiplying the Black-Scholes value per option by the number of options awarded and of restricted stock by multiplying the closing price of our common shares on the grant date times the number of restricted shares awarded. This table does not include the value of Mr. Rallo's special one-time equity grant or Mr. Casusol's new hire grant.

The number of stock options and restricted shares granted to our named executive officers in fiscal 2013 is included in the "Grants of Plan-Based Awards for Fiscal 2013" table. The terms and conditions of the grants are more fully described in the footnotes and narrative following that table.

Fiscal 2014 Equity Awards. At its November 2013 meeting, the Compensation Committee granted each of our named executive officers a mix of stock options and time-based and performance-based restricted stock awards for fiscal 2014. Approximately 40% of the equity award value was in the form of stock options, and 60% was in the form of restricted stock. With respect to both stock options and restricted stock, 50% vest over four years and 50% vest based upon the achievement of performance conditions.

Other Compensation and Benefit Programs

Our named executive officers are eligible to participate in benefit plans that are available to substantially all of our employees, including participation in the Liquidity Services, Inc. 401(k) Profit Sharing and Trust Plan, medical insurance, dental insurance, life insurance and disability insurance programs.

Except with respect to Mr. Burton, we do not provide our named executive officers with any additional benefits or perquisites not available to all other employees. In fiscal 2013, Mr. Burton was provided the use of a Company-owned car. The value of these benefits is described in the footnotes to the "Summary Compensation Table" below.

Employment Agreements

We have entered into employment agreements with each of our named executive officers that provide for, among other things, specified payments in the event of termination of employment in certain circumstances. The terms of these agreements are described under "Employment Agreements" below. The Committee believes it is important to provide our named executive officers with some measure of financial security in the event that their employment with the Company is terminated without cause or in connection with certain unforeseen circumstances. The Committee believes that these arrangements encourage an executive to comply with post-termination restrictive non-competition covenants and to cooperate with the Company both before and after his employment is terminated. The Committee believes that these arrangements are reasonable and that it is beneficial to have agreements in place that specify the exact terms and benefits an executive receives if the Company elects to terminate a named executive officer's employment.

2013 "Say-on-Pay" Advisory Vote on Executive Compensation

The Company provided stockholders a "say-on-pay" advisory vote on its executive compensation in 2013 under recently adopted Section 14A of the Securities Exchange Act of 1934, as amended. At the Company's 2013 Annual Meeting of Stockholders, stockholders expressed substantial support for the compensation of our named executive officers, with approximately 86% of the votes cast for approval of the "say-on-pay" advisory vote. The Committee carefully evaluated the results of the 2013 advisory vote at its April meeting. The Committee also considers many other factors in evaluating the Company's executive compensation programs as discussed in this Compensation Discussion and Analysis, including the Committee's assessment of the interaction of our compensation programs with our corporate business objectives, evaluations of our programs by external consultants, and review of peer group data, each of which is evaluated in the context of the Committee's fiduciary duty to act as the directors determine to be in stockholders' best interests. While each of these factors bore on the Committee's decisions regarding our named executive officers' compensation, the Committee did not make any changes to our executive compensation program and policies as a result of the 2013 "say-on-pay" advisory vote.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (Internal Revenue Code), limits publicly-held companies to an annual deduction for federal income tax purposes of \$1 million for compensation paid to a company's chief executive officer and the three other most highly compensated executive officers (not including the chief financial officer) determined at the end of each year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation. For fiscal 2013, payments of annual bonuses and the grants of stock options were intended to qualify as performance-based compensation.

Summary Compensation Table

The following table summarizes the compensation of our named executive officers, which includes our principal executive officer, principal financial officer and our three other most highly compensated executive officers.

Employment Agreements

We have entered into employment agreements with all of our named executive officers that provide for, among other things, the term of employment, compensation and benefits payable during the term of the agreement and certain compensation payable when an executive's employment is terminated under certain conditions.

We also have confidentiality, non-competition and intellectual property agreements with the named executive officers. These agreements typically provide that the employee may not disclose or transfer any of our confidential information to any person, business entity or other organization without authorization from us, and that the employee may not, during his or her employment with us and for 24 months thereafter, hire or solicit any of our employees for employment with another person or entity or in any way interfere with the relationship we have with any of our employees, clients or other business relationships. Further, these agreements also typically provide that the employee may not, during his employment with us and for up to 24 months thereafter, compete with us. These agreements typically also provide that all ideas, designs, works and inventions made by the employee in the course of his or her employment with us are our exclusive property, and that the copyrights of all writings produced by the employee during the course of his or her work for us are the property of our Company.

Summary of Employment Agreement with William P. Angrick, III

We entered into an employment agreement with Mr. Angrick effective as of January 1, 2004. The agreement provides that Mr. Angrick will be employed as our Chairman and Chief Executive Officer and that his employment will continue until terminated by either party pursuant to the terms of the agreement. The agreement provided for an initial annual base salary of \$210,000, which may be increased but not decreased. During fiscal 2013, Mr. Angrick received a salary of \$600,000, which was approved by the Compensation Committee. Mr. Angrick is also eligible for a target annual incentive

bonus under a sliding scale as approved by the Compensation Committee that is equal to up to 100% of his base salary based upon the achievement of our financial budget each year. In addition, he is eligible to receive an additional bonus amount for the completion of projects that increase stockholder value, at the discretion of the Compensation Committee. If Mr. Angrick's employment is terminated as a result of his death, his estate will receive his base salary through the next full calendar month and all other unpaid amounts. If Mr. Angrick's employment is terminated because of disability, he is entitled to his base salary through the third full calendar month after termination and all other unpaid amounts, provided that his base salary will be reduced by any amounts received under any disability insurance provided by the Company.

The agreement also provides that if his employment with the Company is terminated by us other than for cause, disability or death, or is terminated by Mr. Angrick for good reason, Mr. Angrick is entitled to receive: (1) his base salary through the date of termination and all other unpaid amounts owed under the employment agreement and (2) a lump-sum severance package equal to six months of the sum of his base salary plus an amount equal to six months of his average annual bonus for the previous two fiscal years. All severance payments made by us to Mr. Angrick will be payable within 30 days of notice of termination. Mr. Angrick's employment agreement was amended effective January 9, 2007 to extend the term from December 31, 2006 to December 31, 2009. Mr. Angrick's employment agreement was extended until December 31, 2010, after which date the agreement shall be renewed automatically for a term of one year unless either party terminates the agreement.

Summary of Employment Agreement with James M. Rallo

We entered into an employment agreement with Mr. Rallo effective as of February 21, 2005. The agreement provided for an initial annual base salary of \$200,000. During fiscal 2013, Mr. Rallo received a salary of \$320,800, which was approved by the Compensation Committee. Mr. Rallo is also eligible for a target annual incentive bonus of up to 60% of his salary and it must be at least \$50,000, subject to the achievement of certain deliverables and milestones; for fiscal 2013, the annual bonus target was 60% of his base salary.

If Mr. Rallo's employment is terminated as a result of his death, his estate will receive his base salary through the next full calendar month and all other unpaid amounts owed under the employment agreement. If Mr. Rallo's employment is terminated because of disability, he is entitled to receive his base salary through the third full calendar month after termination and all other unpaid amounts, provided that his base salary will be reduced by any amounts received under any disability insurance provided by the Company. This agreement also provides that if his employment with our Company is terminated by us other than for cause, disability or death, or because we elect not to extend the term of the agreement, or if his employment is terminated by Mr. Rallo for good reason, Mr. Rallo is entitled to receive: (1) his base salary through the date of termination and all other unpaid amounts; and (2) a lump-sum severance package equal to the sum of twelve months of his base salary plus an amount equal to his average annual bonus for the previous two fiscal years. All severance payments made by us to Mr. Rallo will be payable within 30 days of notice of termination. Mr. Rallo's employment agreement was amended effective February 23, 2012 to extend the term from February 20, 2012 to February 20, 2013, after which date the agreement shall be renewed automatically for a term of one year unless either party terminates the agreement. Pursuant to this amendment, if during the twelve months following a corporate transaction Mr. Rallo is terminated by us other than for cause, death or disability, or because we elect not to extend the term of the agreement, or if his employment is terminated by Mr. Rallo for good reason, Mr. Rallo is entitled to receive: (1) his base salary through the date of termination and all other unpaid amounts; and (2) a lump-sum severance package equal to the sum of twenty-four months of the sum of his base salary plus an amount equal to his average annual bonus for the previous two fiscal years.

Summary of Employment Agreement with Thomas B. Burton

We entered into an employment agreement with Mr. Burton effective as of June 15, 2001, with a one-year term with automatic one year renewals. The agreement provides that Mr. Burton will be employed as President of DOD Surplus, LLC, our subsidiary, and that his employment will continue until terminated by either party pursuant to the terms of the agreement. The agreement provided for an initial annual base salary under the agreement of \$175,000. During fiscal 2013, Mr. Burton received a salary of \$306,300, which was approved by the Compensation Committee. In addition, Mr. Burton is eligible to receive a bonus upon the attainment of certain performance milestones; for fiscal 2013, the annual bonus target was 80% of his base salary.

If Mr. Burton's employment is terminated as a result of his death, his estate will receive his base salary through the last day of the calendar month of the date of termination and all other unpaid amounts owed under the employment agreement. This agreement also provides that if his employment with our Company is terminated by us other than for cause or Mr. Burton's disability or death, Mr. Burton is entitled to receive: (1) his base salary through the date of termination; and (2) a lump-sum severance package equal to six months of the sum of his base salary plus healthcare benefits. All severance payments made by us to Mr. Burton will be conditioned upon Mr. Burton's execution of a release of all claims against us, our affiliates, officers, directors and employees.

Summary of Employment Agreement with G. Cayce Roy

We entered into an employment agreement with Mr. Roy, effective as of August 25, 2008. The agreement provides that Mr. Roy will be employed as our Executive Vice President and President of the Asset Recovery division and that his employment will continue until August 25, 2012, or until terminated by either party pursuant to the terms of the agreement. We are currently negotiating an extension to this agreement. We plan to extend the term of Mr. Roy's employment for automatically renewable one year terms. The agreement provides for an initial annual base salary of \$250,000, which may be increased but not decreased. During fiscal 2013, Mr. Roy received a salary of \$300,900, which was approved by the Compensation Committee. Mr. Roy is also eligible for an annual incentive bonus; for fiscal 2013, the annual bonus target was 60% of his base salary, based upon the achievement of certain deliverables or goals agreed upon by Mr. Roy and the Company. The agreement also set forth the terms of an initial hire option award, subject to approval of the Compensation Committee. Mr. Roy was granted an option to purchase 280,000 shares of our common stock, which vested over a four-year period, and an option to purchase 320,000 shares of our common stock, which will vest based on the Retail Supply Chain Group marketplace's achievement of certain financial milestones. The options were granted at a per share exercise price equal to \$10.82, which was the fair value of our common stock on the date of grant.

If Mr. Roy's employment is terminated as a result of his death, his estate will receive his base salary through the next full calendar month and all other unpaid amounts owed under the employment agreement. If Mr. Roy's employment is terminated because of disability, he is entitled to receive his base salary through the third full calendar month after termination and all other unpaid amounts, provided that his base salary will be reduced by any amounts received under any disability insurance provided by the Company. This agreement also provides that if his employment with our Company is terminated by us other than for cause, disability or death, or is terminated by Mr. Roy for good reason, Mr. Roy is entitled to receive: (1) his base salary through the date of termination and all other unpaid amounts; and (2) a lump-sum severance package equal to six months of his base salary plus an amount equal to six months of the average bonus for the previous two fiscal years. All severance payments made by us to Mr. Roy will be payable within 30 days of notice of termination.

- (1) Amounts shown represent the threshold, target and maximum awards that could be earned by the named executive officer under our annual incentive bonus plan for fiscal 2013. With respect to Mr. Casusol, only the target amount is shown as his bonus amount was based entirely on the achievement of individual management objectives. Beginning with fiscal year 2014, Mr. Casusol will be subject to a threshold and maximum bonus amount. Actual bonuses paid for fiscal 2013 are shown in the Summary Compensation Table in the "Non-Equity Incentive Plan Compensation" column. For a discussion of this plan, see "Executive Compensation—Annual Incentive Compensation."
- (2) Amounts shown represent the number of performance-based restricted shares or performance-based stock options that could be earned by the named executive officer if the performance goal described under "Executive Compensation—Long-Term Incentive Compensation" is achieved in full. The performance-based restricted shares and performance-based stock options reported in this column were granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan.
- (3) The time-based restricted stock was granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, with 25% vesting on October 1, 2013 and 25% vesting on each of the first three anniversaries of October 1, 2013.
- (4) The time-based restricted stock was granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, with 25% vesting on July 1, 2014 and 25% vesting on each of the first three anniversaries of July 1, 2014.
- (5) The time-based restricted stock was granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, with 25% vesting on January 1, 2014 and 25% vesting on each of the first three anniversaries of January 1, 2014.
- (6) The time-based stock options were granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, with 25% vesting on October 1, 2013 and 2.083% vesting each month thereafter for 36 months.
- (7) The time-based stock options were granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, with 25% vesting on July 18, 2014 and 2.083% vesting each month thereafter for 36 months. The options have a term of 10 years.
- (8) The stock options have an exercise price equal to the closing price of our common stock on the grant date, except that the stock options granted to Mr. Angrick have an exercise price equal to 110% of the closing price of our common stock on the grant date.

- (9) The amounts reported in this column for awards represent the full grant date fair value of the awards calculated in accordance with U.S. generally accepted accounting principles. The value of the time-based and performance-based restricted stock as of the grant date is calculated by multiplying the closing price of our common shares on the grant date times the number of restricted shares awarded. For performance-based restricted stock, this value is calculated assuming the maximum performance levels are attained. The value of the option awards as of the grant date is calculated by multiplying the Black-Scholes value by the number of options awarded, in accordance with U.S. generally accepted accounting principles. For performance-based stock options, this value is calculated assuming the maximum performance levels are attained. For additional information about the assumptions used in these calculations, see Note 2 to the audited consolidated financial statements of the Company included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2013.

The following is a description of material factors necessary to understand the information regarding the awards reflected in the "Grants of Plan-Based Awards for Fiscal 2013" table.

For information regarding the incentive compensation plan, please see "Annual Incentive Compensation" above. Awards under this plan are paid in cash.

Stock option awards granted in fiscal 2013 were granted under our 2006 Omnibus Long-Term Incentive Plan. The 2006 plan provides that the option price of each option shall be at least the fair market value on the grant date of a share of our common stock; provided, however, that if the grantee is a 10% stockholder, the option price of an option granted to such person will be at least 110% of the fair market value on the grant date. Under the plan, the fair market value of a share of common stock is generally the closing price of our common stock on the grant date.

The option awards reflected in the "Grants of Plan-Based Awards for Fiscal 2013" table under "2013 Stock Options" and "2013 Performance Options" are qualified and non-qualified stock options to purchase shares of our common stock which were approved by the Compensation Committee and granted to the named executive officers as a part of our 2013 annual grant of long-term incentive awards, a special equity grant made to Mr. Rallo in July 2013 and a new hire grant made to Mr. Casusol, all as described above under "Executive Compensation—Long-Term Incentive Compensation." The options may vest earlier than as set forth in the footnotes above upon a change of control of the Company if the options are not assumed or substituted by the surviving corporation. Unvested options will also vest if the executive is involuntarily terminated by the Company within one year following a change of control. The option term may not exceed 10 years and may be shortened in the event of death, disability or termination of service.

The stock awards reflected in the "Grants of Plan-Based Awards for Fiscal 2013" table under "2013 Restricted Stock" and "2013 Performance Stock" are time-based and performance-based restricted stock awards, respectively, which were approved by the Compensation Committee and granted to the named executive officers as a part of our 2013 annual grant of long-term incentive awards, a special equity grant made to Mr. Rallo in July 2013 and a new hire grant made to Mr. Casusol, all as described above under "Executive Compensation—Long-Term Incentive Compensation." The restricted shares can accrue dividend equivalents that would be payable upon the lapse of the restrictions applicable to such shares. The restricted stock may vest earlier upon a change of control of the Company if the awards are not assumed, continued or substituted by the surviving corporation.

Potential Payments upon Termination of Employment and Change of Control***Payments upon Termination of Employment***

We have entered into employment agreements with each of our named executive officers that provide compensation upon certain triggering events that result in termination of employment. These agreements are described under "Employment Agreements" above. The table below quantifies the compensation that would have become payable under existing plans and arrangements if each named executive officer's employment had terminated on September 30, 2013 upon certain triggering events. These amounts are estimates only, as the actual obligation can only be determined at the time of a named executive officer's separation from our Company. The amounts described below are in addition to benefits that are generally available to our employees such as distributions under our 401(k) plan, life insurance, disability benefits and accrued vacation.

Unvested stock options and restricted stock granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan do not accelerate upon death, disability or retirement. Unvested options also do not accelerate upon termination of employment by the Company with or without cause or by the executive for "good reason" unless such termination occurs within one year following a "corporate transaction" as further described below. Unvested restricted stock also does not accelerate upon termination of employment by the Company with or without cause or by the executive for "good

reason." All values were computed as of September 30, 2013 based on the closing price of our common stock on the last trading day of the 2013 fiscal year (\$33.50).

- (3) Upon termination of employment as a result of death, the named executive officer is entitled to continued salary through the month in which the date of termination occurs. The amount shown in this column is the maximum payment that will be paid and represents one month's base salary.
- (4) Mr. Burton is entitled to these benefits only if his employment is terminated by the Company without cause.

Change of Control Arrangements

Employment Agreements. Other than with respect to Mr. Rallo, we do not provide change of control benefits to our named executive officers under their respective employment agreements.

Stock Options. Our named executive officers hold unvested stock options under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan. This plan contains provisions regarding the treatment of any unvested stock options in connection with a change of control of the Company.

Under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, in the event of a "corporate transaction" either (1) all of the options will vest in full and become exercisable for fifteen days prior to the scheduled consummation of the change of control, or (2) the Board may elect, in its sole discretion, to cancel any outstanding awards of options and pay to the holder an amount in cash or securities equal to the number of options multiplied by the amount the fixed price paid to stockholders exceeds the option price. Under the plan, a "corporate transaction" generally means (1) the dissolution or liquidation of the Company or a merger, consolidation, or reorganization of the Company with one or more other entities in which the Company is not the surviving entity, (2) the sale of substantially all of the assets of the Company or (3) any transaction which results in any person or entity (other than persons who are stockholders or affiliates of the Company at the time the plan was approved by the Company's stockholders) owning 50% or more of the combined voting power of all of the classes of stock of the Company. If the options are assumed or continued by the surviving company, or the surviving company substitutes the options with a substantially equivalent option, then no such acceleration of vesting or cancellation of options shall occur.

Unvested options will also vest if the named executive officer's service with the Company is involuntarily terminated within one year following a "corporate transaction." For this purpose, an involuntary termination means a termination of service with the Company without cause or a voluntary resignation of the named executive officer following a material adverse change in the executive's title or responsibilities, a material reduction in base salary, or receipt of a notice that the executive's principal workplace will be relocated more than 50 miles.

The table below shows our estimates of the amount of the benefit each of our named executive officers would have received if the unvested options held by them as of September 30, 2013 had

become fully vested as a result of a change of control or an involuntary termination within one year following a change in control.

Name	Number of Unvested Options at September 30, 2013 (#)	Estimated Benefit (\$)(1)
William P. Angrick, III	56,439	186,048
James M. Rallo	105,025	529,045
Thomas B. Burton	21,106	126,557
G. Cayce Roy	106,497	2,220,212
Leoncio Casusol	—	—

- (1) For vesting of unvested stock options, the values are based on the number of options that would have vested on the last business day of fiscal 2013, multiplied by the difference between the closing price of our common stock on the last trading day of the 2013 fiscal year (\$33.50) and the exercise price of the unvested option. If the exercise price of any unvested option was greater than the closing price of our common stock on the last trading day of fiscal 2013, no value was attributed to the acceleration of these unvested options.

Restricted Stock. Certain of our named executive officers hold unvested restricted stock awards under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan. This plan contains provisions regarding the treatment of any unvested restricted stock awards in connection with a change of control of the Company.

Under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, in the event of a "corporate transaction" all of the restricted stock awards will vest in full and the shares of common stock subject to such awards will be delivered immediately prior to the scheduled consummation of the change of control. If the restricted stock awards are assumed or continued by the surviving company, or the surviving company substitutes the restricted stock awards with a substantially equivalent restricted stock award, then no such acceleration of vesting of restricted stock awards shall occur.

The table below shows our estimates of the amount of the benefit each of our named executive officers would have received if the unvested restricted stock awards held by them as of September 30, 2013 had become fully vested as a result of a change of control.

Name	Number of Unvested Restricted Shares at September 30, 2013 (#)	Estimated Benefit (\$)(1)
William P. Angrick, III	71,961	2,410,694
James M. Rallo	70,180	2,351,030
Thomas B. Burton	37,006	1,239,701
G. Cayce Roy	30,432	1,019,472
Leoncio Casusol	98,226	3,290,571

- (1) For vesting of unvested restricted shares, the values are based on the number of restricted shares that would have vested on the last business day of fiscal 2013, multiplied by the closing price of our common stock on the last trading day of the 2013 fiscal year (\$33.50).

**REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS,
NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS**

Under Securities Exchange Act Rule 14a-8, if a stockholder would like us to include a proposal in our proxy statement and form of proxy for presentation at our 2015 Annual Meeting of Stockholders, the proposal must comply with Rule 14a-8 and must be received by us at our principal executive offices at 1920 L Street, NW, 6th Floor, Washington, DC 20036, to the attention of the Corporate Secretary, no later than September 29, 2014.

In addition, our bylaws contain certain procedures that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an Annual Meeting of Stockholders, other than non-binding proposals presented under Securities Exchange Act Rule 14a-8. These procedures provide that for nominations or other business to be properly brought before an annual meeting by a stockholder:

- the stockholder must have given timely notice thereof in writing to our Corporate Secretary;
- such business must be a proper matter for stockholder action under the General Corporation Law of the State of Delaware;
- if the stockholder, or the beneficial owner on whose behalf any such proposal or nomination is made, has provided us with a Solicitation Notice, as that term is defined below, such stockholder or beneficial owner must, in the case of a proposal, have delivered a proxy statement and form of proxy to holders of at least the percentage of our voting shares required under applicable law to carry any such proposal, or, in the case of a nomination or nominations, have delivered a proxy statement and form of proxy to holders of a percentage of our voting shares reasonably believed by such stockholder or beneficial holder to be sufficient to elect the nominee or nominees proposed to be nominated by such stockholder, and must, in either case, have included in such materials the Solicitation Notice; and
- if no Solicitation Notice has been timely provided, the stockholder or beneficial owner proposing such business or nomination must not have solicited a number of proxies sufficient to have required the delivery of such a Solicitation Notice.

To be timely, a stockholder's notice must be delivered to our Corporate Secretary at our principal executive offices not less than 90 or more than 120 days prior to the first anniversary of the date of the preceding year's Annual Meeting of Stockholders. Therefore, in order to be considered timely with respect to the 2015 Annual Meeting of Stockholders, it must be received no earlier than October 30, 2013 and no later than November 29, 2013.

If, however, the date of the Annual Meeting is advanced more than 30 days prior to or delayed by more than 70 days after the anniversary of the preceding year's Annual Meeting, notice by the stockholder must be delivered no earlier than the close of business on the 120th day prior to such Annual Meeting and not later than the close of business on the later of:

- the 90th day prior to such Annual Meeting, or
- the 10th day following the day on which public announcement of the date of such meeting is first made.

In no event shall the public announcement of an adjournment or postponement of an annual meeting commence a new time period or extend any time period for the giving of a stockholder's notice as described above.

In addition, notwithstanding the above timelines, in the event that the number of directors to be elected to the Board of Directors is increased and we do not make a public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days

prior to the first anniversary of the date of the preceding year's Annual Meeting of Stockholders, a stockholder's notice shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Corporate Secretary at our principal executive offices not later than the close of business on the 10th day following the day on which we first made such public announcement.

Such notice shall set forth the following information:

- as to each person who the stockholder proposes to nominate for election or reelection as a director, all information relating to such person as would be required to be disclosed in solicitations of proxies for the election of such nominees as directors pursuant to Regulation 14A under the Exchange Act, and such person's written consent to being named in the proxy statement as nominee and to serve as director if elected;
- as to any other business that the stockholder proposes to bring before the meeting, a brief description of such business, the text of the proposal or business, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made;
- as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made:
 - the name and address of such stockholder, as they appear on our books, and of such beneficial owner;
 - the class and number of shares of our stock that are owned beneficially and of record by such stockholder and such beneficial owner; and
 - a representation that either such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of, in the case of a proposal, at least the percentage of our voting shares required under applicable law to carry the proposal or, in the case of a nomination or nominations, a sufficient number of holders of our voting shares to elect such nominee or nominees (an affirmative statement of such intent is referred to as a "Solicitation Notice").

If any proposed nomination or business is not in compliance with the foregoing procedures, the chairman of the meeting has the power to declare that any defectively proposed business or nomination shall not be presented for stockholder action at the meeting and shall be disregarded.

Stockholders must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder. These procedures do not affect any rights of stockholders to request inclusion of proposals in the Company's proxy statement pursuant to Rule 14a-8 under the Exchange Act.

ANNUAL REPORT

Our Annual Report to stockholders on Form 10-K for the fiscal year ended September 30, 2013 is included with these proxy solicitation materials. **A copy of our Annual Report, including the financial statements and the financial statement schedules included therein, is also available without charge by visiting our website, www.liquidityservicesinc.com, or upon written request to us at Liquidity Services, Inc., 1920 L Street, NW, 6th Floor, Washington, DC 20036, Attn: Corporate Secretary. LIQUIDITY SERVICES, INC.

2006 OMNIBUS LONG-TERM INCENTIVE PLAN

Liquidity Services, Inc., a Delaware corporation (the "Company"), sets forth herein the terms of its 2006 Omnibus Long-Term Incentive Plan (the "Plan"), as follows:

1. PURPOSE

The Plan is intended to enhance the Company's and its Affiliates' (as defined herein) ability to attract and retain highly qualified officers, directors, key employees, and other persons, and to motivate such persons to serve the Company and its Affiliates and to expend maximum effort to improve the business results and earnings of the Company, by providing to such persons an opportunity to acquire or increase a direct proprietary interest in the operations and future success of the Company. To this end, the Plan provides for the grant of stock options, stock appreciation rights, restricted stock, stock units, unrestricted stock, dividend equivalent rights and cash awards. 3. ADMINISTRATION OF THE PLAN

3.1 Board

The Board shall have such powers and authorities related to the administration of the Plan as are consistent with the Company's certificate of incorporation and by-laws and applicable law. The Board shall have full power and authority to take all actions and to make all determinations required or provided for under the Plan, any Award or any Award Agreement, and shall have full power and authority to take all such other actions and make all such other determinations not inconsistent with the specific terms and provisions of the Plan that the Board deems to be necessary or appropriate to the administration of the Plan, any Award or any Award Agreement. All such actions and determinations shall be by the affirmative vote of a majority of the members of the Board present at a meeting or by unanimous consent of the Board executed in writing in accordance with the Company's certificate of incorporation and by-laws and applicable law. The interpretation and construction by the Board of any provision of the Plan, any Award or any Award Agreement shall be final, binding and conclusive.

3.2 Committee.

The Board from time to time may delegate to the Committee such powers and authorities related to the administration and implementation of the Plan, as set forth in **Section 3.1** above and other applicable provisions, as the Board shall determine, consistent with the certificate of incorporation and by-laws of the Company and applicable law.

The Board may also appoint one or more separate committees of the Board, each composed of one or more directors of the Company who need not be Outside Directors, who may administer the Plan with respect to employees or other Service Providers who are not officers or directors of the Company, may grant Awards under the Plan to such employees or other Service Providers, and may determine all terms of such Awards. In the event that the Plan, any Award or any Award Agreement entered into hereunder provides for any action to be taken by or determination to be made by the Board, such action may be taken or such determination may be made by the Committee if the power and authority to do so has been delegated to the Committee by the Board as provided for in this Section. Unless otherwise expressly determined by the Board, any such action or determination by the Committee shall be final, binding and conclusive. To the extent permitted by law, the Committee may delegate its authority under the Plan to a member of the Board.

3.3 Terms of Awards.

Subject to the other terms and conditions of the Plan, the Board shall have full and final authority to:

- (i) designate Grantees,
- (ii) determine the type or types of Awards to be made to a Grantee,
- (iii) determine the number of shares of Stock to be subject to an Award,
- (iv) establish the terms and conditions of each Award (including, but not limited to, the exercise price of any Option, the nature and duration of any restriction or condition (or provision for lapse thereof) relating to the vesting, exercise, transfer, or forfeiture of an Award or the shares of Stock subject thereto, and any terms or conditions that may be necessary to qualify Options as Incentive Stock Options),
- (v) prescribe the form of each Award Agreement evidencing an Award, and
- (vi) amend, modify, or supplement the terms of any outstanding Award. Such authority specifically includes the authority, in order to effectuate the purposes of the Plan but without amending the Plan, to modify Awards to eligible individuals who are foreign nationals or are individuals who are employed outside the United States to recognize differences in local law, tax policy, or custom. Notwithstanding the foregoing, no amendment, modification or supplement of any Award shall, without the consent of the Grantee, impair the Grantee's rights under such Award and no amendment or modification to an Award that would be treated as a repricing under the rules of the stock exchange or market on which the Stock is listed or quoted shall be made without approval of the Company's stockholders.

The Company may retain the right in an Award Agreement to cause a forfeiture of the gain realized by a Grantee on account of actions taken by the Grantee in violation or breach of or in conflict with any employment agreement, non-competition agreement, any agreement prohibiting solicitation of employees or clients of the Company or any Affiliate thereof or any confidentiality obligation with respect to the Company or any Affiliate thereof or otherwise in competition with the Company or any Affiliate thereof, to the extent specified in such Award Agreement applicable to the Grantee. Furthermore, the Company may annul an Award if the Grantee is an employee of the Company or an Affiliate thereof and is terminated for Cause as defined in the applicable Award Agreement or the Plan, as applicable. The grant of any Award shall be contingent upon the Grantee executing the appropriate Award Agreement.

Notwithstanding the foregoing, no amendment or modification may be made to an outstanding Option or SAR which reduces the Option Price or SAR Exercise Price, either by lowering the Option Price or SAR Exercise Price or by canceling the outstanding Option or SAR and granting a replacement Option or SAR with a lower exercise price without the approval of the stockholders of the Company, provided, that, appropriate adjustments may be made to outstanding Options and SARs pursuant to **Section 17**.

3.4 Deferral Arrangement.

The Board may permit or require the deferral of any award payment into a deferred compensation arrangement, subject to such rules and procedures as it may establish, which may include provisions for the payment or crediting of interest or dividend equivalents, including converting such credits into deferred Stock equivalents, restricting deferrals to comply with hardship distribution rules affecting 401(k) plans. Any such deferrals shall be made in a manner that complies with Code Section 409A.

3.5 No Liability.

No member of the Board or of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Award or Award Agreement.

3.6 Share Issuance

Notwithstanding any provision of this Plan to the contrary, the issuance of the Stock under the Plan may be evidenced in such a manner as the Board, in its discretion, deems appropriate, including, without limitation, book-entry registration or issuance of one or more Stock certificates.

4. STOCK SUBJECT TO THE PLAN

Subject to adjustment as provided in **Section 17** hereof, the number of shares of Stock available for issuance under the Plan shall be ten million (10,000,000). Notwithstanding the preceding sentence and also subject to adjustment as provided in **Section 17** hereof, the aggregate number of shares of Stock which cumulatively may be available for issuance pursuant to Awards other than Awards of Options or SARs shall not exceed three million five hundred thousand (3,500,000) and the number of shares that may be issued as Incentive Stock Options shall not exceed ten million (10,000,000). Stock issued or to be issued under the Plan shall be authorized but unissued shares; or, to the extent permitted by applicable law, issued shares that have been reacquired by the Company. If any shares covered by an Award are not purchased or are forfeited, or if an Award otherwise terminates without delivery of any Stock subject thereto, then the number of shares of Stock counted against the aggregate number of shares available under the Plan with respect to such Award shall, to the extent of any such forfeiture or termination, again be available for making Awards under the Plan.

The Board shall have the right to substitute or assume Awards in connection with mergers, reorganizations, separations, or other transactions to which Section 424(a) of the Code applies. The number of shares of Stock reserved pursuant to **Section 4** may be increased by the corresponding number of Awards assumed and, in the case of a substitution, by the net increase in the number of shares of Stock subject to Awards before and after the substitution.

5. EFFECTIVE DATE, DURATION AND AMENDMENTS

5.1 Effective Date.

The Plan shall be effective as of the Effective Date, subject to approval of the Plan by the Company's stockholders within one year of the Effective Date. Upon approval of the Plan by the stockholders of the Company as set forth above, all Awards made under the Plan on or after the Effective Date shall be fully effective as if the stockholders of the Company had approved the Plan on the Effective Date. If the stockholders fail to approve the Plan within one year of the Effective Date, any Awards made hereunder shall be null and void and of no effect.

5.2 Term.

The Plan shall terminate automatically ten (10) years after its adoption by the Board and may be terminated on any earlier date as provided in **Section 5.3**.

5.3 Amendment and Termination of the Plan

The Board may, at any time and from time to time, amend, suspend, or terminate the Plan as to any shares of Stock as to which Awards have not been made. An amendment shall be contingent on approval of the Company's stockholders to the extent stated by the Board, required by applicable law or required by applicable stock exchange or market listing requirements. No Awards shall be made after termination of the Plan. No amendment, suspension, or termination of the Plan shall, without the consent of the Grantee, impair rights or obligations under any Award theretofore awarded under the Plan.

6. AWARD ELIGIBILITY AND LIMITATIONS

6.1 Service Providers and Other Persons

Subject to this **Section 6**, Awards may be made under the Plan to: (i) any Service Provider to the Company or of any Affiliate, including any Service Provider who is an officer or director of the Company, or of any Affiliate, as the Board shall determine and designate from time to time, (ii) any Outside Director, and (iii) any other individual whose participation in the Plan is determined to be in the best interests of the Company by the Board.

6.2 Successive Awards and Substitute Awards.

An eligible person may receive more than one Award, subject to such restrictions as are provided herein. Notwithstanding **Sections 8.1** and **9.1**, the Option Price of an Option or the grant price of a SAR that is a Substitute Award may be less than 100% of the Fair Market Value of a share of Common Stock on the original date of grant provided that the Option Price or grant price is determined in accordance with the principles of Code Section 424 and the regulations thereunder.

6.3 Limitation on Shares of Stock Subject to Awards and Cash Awards.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act:

- (i) the maximum number of shares of Stock subject to Options or SARs that can be awarded under the Plan to any person eligible for an Award under **Section 6** hereof is one million (1,000,000) per calendar year;
- (ii) the maximum number of shares that can be awarded under the Plan, other than pursuant to an Option or SARs, to any person eligible for an Award under **Section 6** hereof is seven hundred thousand (700,000) per calendar year; and
- (iii) the maximum amount that may be earned as an Annual Incentive Award or other cash Award in any calendar year by any one Grantee shall be \$3,000,000 and the maximum amount that may be earned as a Performance Award or other cash Award in respect of a performance period by any one Grantee shall be \$5,000,000.

The preceding limitations in this **Section 6.3** are subject to adjustment as provided in **Section 17** hereof.

7. AWARD AGREEMENT

Each Award granted pursuant to the Plan shall be evidenced by an Award Agreement, in such form or forms as the Board shall from time to time determine. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Each Award Agreement evidencing an Award of Options shall specify whether such Options are intended to be Non-qualified Stock Options or Incentive Stock Options, and in the absence of such specification such options shall be deemed Non-qualified Stock Options.

8. TERMS AND CONDITIONS OF OPTIONS

8.1 Option Price

The Option Price of each Option shall be fixed by the Board and stated in the Award Agreement evidencing such Option. The Option Price of each Option shall be at least the Fair Market Value on the Grant Date of a share of Stock; *provided, however*, that in the event that a Grantee is a Ten Percent Stockholder, the Option Price of an Option granted to such Grantee that is intended to be an Incentive

Stock Option shall be not less than 110 percent of the Fair Market Value of a share of Stock on the Grant Date. In no case shall the Option Price of any Option be less than the par value of a share of Stock.

8.2 Vesting.

Subject to **Sections 8.3** and **17.3** hereof, each Option granted under the Plan shall become exercisable at such times and under such conditions as shall be determined by the Board and stated in the Award Agreement. For purposes of this **Section 8.2**, fractional numbers of shares of Stock subject to an Option shall be rounded down to the next nearest whole number. No Option shall be exercisable in whole or in part prior to the date the Plan is approved by the Stockholders of the Company as provided in **Section 5.1** hereof.

8.3 Term.

Each Option granted under the Plan shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten years from the date such Option is granted, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the Award Agreement relating to such Option (the "Termination Date"); *provided, however*, that in the event that the Grantee is a Ten Percent Stockholder, an Option granted to such Grantee that is intended to be an Incentive Stock Option shall not be exercisable after the expiration of five years from its Grant Date.

8.4 Termination of Service.

Each Award Agreement shall set forth the extent to which the Grantee shall have the right to exercise the Option following termination of the Grantee's Service. Such provisions shall be determined in the sole discretion of the Board, need not be uniform among all Options issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination of Service.

8.5 Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, prior to the date the Plan is approved by the stockholders of the Company as provided herein or after the occurrence of an event referred to in **Section 17** hereof which results in termination of the Option.

8.6 Method of Exercise.

An Option that is exercisable may be exercised by the Grantee's delivery to the Company of written notice of exercise on any business day, at the Company's principal office, on the form specified by the Company. Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and shall be accompanied by payment in full of the Option Price of the shares for which the Option is being exercised plus the amount (if any) of federal and/or other taxes which the Company may, in its judgment, be required to withhold with respect to an Award. The minimum number of shares of Stock with respect to which an Option may be exercised, in whole or in part, at any time shall be the lesser of (i) 100 shares or such lesser number set forth in the applicable Award Agreement and (ii) the maximum number of shares available for purchase under the Option at the time of exercise.

8.7 Rights of Holders of Options

Unless otherwise stated in the applicable Award Agreement, an individual holding or exercising an Option shall have none of the rights of a stockholder (for example, the right to receive cash or

dividend payments or distributions attributable to the subject shares of Stock or to direct the voting of the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to him. Except as provided in **Section 17** hereof, no adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date of such issuance.

8.8 Delivery of Stock Certificates.

Promptly after the exercise of an Option by a Grantee and the payment in full of the Option Price, such Grantee shall be entitled to the issuance of a stock certificate or certificates evidencing his or her ownership of the shares of Stock subject to the Option.

8.9 Transferability of Options

Except as provided in **Section 8.10**, during the lifetime of a Grantee, only the Grantee (or, in the event of legal incapacity or incompetency, the Grantee's guardian or legal representative) may exercise an Option. Except as provided in **Section 8.10**, no Option shall be assignable or transferable by the Grantee to whom it is granted, other than by will or the laws of descent and distribution.

8.10 Family Transfers.

If authorized in the applicable Award Agreement, a Grantee may transfer, not for value, all or part of an Option which is not an Incentive Stock Option to any Family Member. For the purpose of this **Section 8.10**, a "not for value" transfer is a transfer which is (i) a gift, (ii) a transfer under a domestic relations order in settlement of marital property rights; or (iii) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members (or the Grantee) in exchange for an interest in that entity. Following a transfer under this **Section 8.10**, any such Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer. Subsequent transfers of transferred Options are prohibited except to Family Members of the original Grantee in accordance with this **Section 8.10** or by will or the laws of descent and distribution. The events of termination of Service of **Section 8.4** hereof shall continue to be applied with respect to the original Grantee, following which the Option shall be exercisable by the transferee only to the extent, and for the periods specified, in **Section 8.4**.

8.11 Limitations on Incentive Stock Options.

An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company; (ii) to the extent specifically provided in the related Award Agreement; and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its Affiliates) does not exceed \$100,000. This limitation shall be applied by taking Options into account in the order in which they were granted.

9. TERMS AND CONDITIONS OF STOCK APPRECIATION RIGHTS

9.1 Right to Payment and Grant Price.

A SAR shall confer on the Grantee to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Board. The Award Agreement for a SAR shall specify the grant price of the SAR, which shall be at least the Fair Market Value of a share of Stock on the date of grant. SARs may be granted in conjunction with all or part of an Option granted under the Plan or at any subsequent time during the term of such Option, in conjunction with all or part of any other Award or without regard to any Option or other Award; provided that a SAR that is granted

subsequent to the Grant Date of a related Option must have a SAR Price that is no less than the Fair Market Value of one share of Stock on the SAR Grant Date.

9.2 Other Terms.

The Board shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which a SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the time or times at which SARs shall cease to be or become exercisable following termination of Service or upon other conditions, the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Stock will be delivered or deemed to be delivered to Grantees, whether or not a SAR shall be in tandem or in combination with any other Award, and any other terms and conditions of any SAR.

10. TERMS AND CONDITIONS OF RESTRICTED STOCK AND STOCK UNITS

10.1 Grant of Restricted Stock or Stock Units.

Awards of Restricted Stock or Stock Units may be made for no consideration (other than par value of the shares which is deemed paid by Services already rendered).

10.2 Restrictions.

At the time a grant of Restricted Stock or Stock Units is made, the Board may, in its sole discretion, establish a period of time (a "restricted period") applicable to such Restricted Stock or Stock Units. Each Award of Restricted Stock or Stock Units may be subject to a different restricted period. The Board may, in its sole discretion, at the time a grant of Restricted Stock or Stock Units is made, prescribe restrictions in addition to or other than the expiration of the restricted period, including the satisfaction of corporate or individual performance objectives, which may be applicable to all or any portion of the Restricted Stock or Stock Units in accordance with **Section 14.1** and **14.2**. Neither Restricted Stock nor Stock Units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the restricted period or prior to the satisfaction of any other restrictions prescribed by the Board with respect to such Restricted Stock or Stock Units.

10.3 Restricted Stock Certificates.

The Company shall issue, in the name of each Grantee to whom Restricted Stock has been granted, stock certificates representing the total number of shares of Restricted Stock granted to the Grantee, as soon as reasonably practicable after the Grant Date. The Board may provide in an Award Agreement that either (i) the Secretary of the Company shall hold such certificates for the Grantee's benefit until such time as the Restricted Stock is forfeited to the Company or the restrictions lapse, or (ii) such certificates shall be delivered to the Grantee, *provided, however*, that such certificates shall bear a legend or legends that comply with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

10.4 Rights of Holders of Restricted Stock.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock shall have the right to vote such Stock and the right to receive any dividends declared or paid with respect to such Stock. The Board may provide that any dividends paid on Restricted Stock must be reinvested in shares of Stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such Restricted Stock. All distributions, if any, received by a Grantee with respect to Restricted Stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction shall be subject to the restrictions applicable to the original Grant.

10.5 Rights of Holders of Stock Units.

10.5.1 Voting and Dividend Rights.

Holders of Stock Units shall have no rights as stockholders of the Company. The Board may provide in an Award Agreement evidencing a grant of Stock Units that the holder of such Stock Units shall be entitled to receive, upon the Company's payment of a cash dividend on its outstanding Stock, a cash payment for each Stock Unit held equal to the per-share dividend paid on the Stock. Such Award Agreement may also provide that such cash payment will be deemed reinvested in additional Stock Units at a price per unit equal to the Fair Market Value of a share of Stock on the date that such dividend is paid.

10.5.2 Creditor's Rights.

A holder of Stock Units shall have no rights other than those of a general creditor of the Company. Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement.

10.6 Termination of Service.

Unless the Board otherwise provides in an Award Agreement or in writing after the Award Agreement is issued, upon the termination of a Grantee's Service, any Restricted Stock or Stock Units held by such Grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited. Upon forfeiture of Restricted Stock or Stock Units, the Grantee shall have no further rights with respect to such Award, including but not limited to any right to vote Restricted Stock or any right to receive dividends with respect to shares of Restricted Stock or Stock Units.

10.7 Purchase of Restricted Stock.

The Grantee shall be required, to the extent required by applicable law, to purchase the Restricted Stock from the Company at a Purchase Price equal to the greater of (i) the aggregate par value of the shares of Stock represented by such Restricted Stock or (ii) the Purchase Price, if any, specified in the Award Agreement relating to such Restricted Stock. The Purchase Price shall be payable in a form described in **Section 12** or, in the discretion of the Board, in consideration for past Services rendered to the Company or an Affiliate.

10.8 Delivery of Stock.

Upon the expiration or termination of any restricted period and the satisfaction of any other conditions prescribed by the Board, the restrictions applicable to shares of Restricted Stock or Stock Units settled in Stock shall lapse, and, unless otherwise provided in the Award Agreement, a stock certificate for such shares shall be delivered, free of all such restrictions, to the Grantee or the Grantee's beneficiary or estate, as the case may be. Neither the Grantee, nor the Grantee's beneficiary or estate, shall have any further rights with regard to a Stock Unit once the share of Stock represented by the Stock Unit has been delivered.

11. TERMS AND CONDITIONS OF UNRESTRICTED STOCK AWARDS

The Board may, in its sole discretion, grant (or sell at par value or such other higher purchase price determined by the Board) an Unrestricted Stock Award to any Grantee pursuant to which such Grantee may receive shares of Stock free of any restrictions ("Unrestricted Stock") under the Plan. Unrestricted Stock Awards may be granted or sold as described in the preceding sentence in respect of past Services and other valid consideration, or in lieu of, or in addition to, any cash compensation due to such Grantee.

12. FORM OF PAYMENT FOR OPTIONS AND RESTRICTED STOCK

12.1 General Rule.

Payment of the Option Price for the shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock shall be made in cash or in cash equivalents acceptable to the Company.

12.2 Surrender of Stock.

To the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock may be made all or in part through the tender to the Company of shares of Stock, which shares, if acquired from the Company and if so required by the Company, shall have been held for at least six months at the time of tender and which shall be valued, for purposes of determining the extent to which the Option Price or Purchase Price has been paid thereby, at their Fair Market Value on the date of exercise or surrender.

12.3 Cashless Exercise.

With respect to an Option only (and not with respect to Restricted Stock), to the extent permitted by law and to the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to the exercise of an Option may be made all or in part by delivery (on a form acceptable to the Board) of an irrevocable direction to a licensed securities broker acceptable to the Company to sell shares of Stock and to deliver all or part of the sales proceeds to the Company in payment of the Option Price and any withholding taxes described in **Section 18.3**.

12.4 Other Forms of Payment.

To the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to exercise of an Option or the Purchase Price for Restricted Stock may be made in any other form that is consistent with applicable laws, regulations and rules.

13. TERMS AND CONDITIONS OF DIVIDEND EQUIVALENT RIGHTS

13.1 Dividend Equivalent Rights.

A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash distributions that would have been paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares had been issued to and held by the recipient. A Dividend Equivalent Right may be granted hereunder to any Grantee. The terms and conditions of Dividend Equivalent Rights shall be specified in the grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment. Dividend Equivalent Rights may be settled in cash or Stock or a combination thereof, in a single installment or installments, all determined in the sole discretion of the Board. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other award.

13.2 Termination of Service.

Except as may otherwise be provided by the Board either in the Award Agreement or in writing after the Award Agreement is issued, a Grantee's rights in all Dividend Equivalent Rights or interest equivalents shall automatically terminate upon the Grantee's termination of Service for any reason.

14. TERMS AND CONDITIONS OF PERFORMANCE AND ANNUAL INCENTIVE AWARDS

14.1 Performance Conditions

The right of a Grantee to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Board. The Board may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce the amounts payable under any Award subject to performance conditions, except as limited under **Sections 14.2** hereof in the case of a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m). If and to the extent required under Code Section 162(m), any power or authority relating to a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m), shall be exercised by the Committee and not the Board.

14.2 Performance or Annual Incentive Awards Granted to Designated Covered Employees

If and to the extent that the Committee determines that a Performance or Annual Incentive Award to be granted to a Grantee who is designated by the Committee as likely to be a Covered Employee should qualify as "performance-based compensation" for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance or Annual Incentive Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this **Section 14.2**.

14.2.1 Performance Goals Generally.

The performance goals for such Performance or Annual Incentive Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this **Section 14.2**. Performance goals shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being "substantially uncertain." The Committee may determine that such Performance or Annual Incentive Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance or Annual Incentive Awards. Performance goals may differ for Performance or Annual Incentive Awards granted to any one Grantee or to different Grantees.

14.2.2 Business Criteria.

One or more of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used exclusively by the Committee in establishing performance goals for such Performance or Annual Incentive Awards: (1) total stockholder return; (2) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index; (3) net income; (4) pretax earnings; (5) earnings before interest expense, taxes, depreciation and amortization; (6) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (7) operating margin; (8) earnings per share; (9) return on equity; (10) return on capital; (11) return on investment; (12) operating earnings; (13) working capital; (14) ratio of debt to

stockholders' equity; (15) revenue; and (16) gross merchandise value. Business criteria may be measured on an absolute basis or on a relative basis (i.e., performance relative to peer companies) and on a GAAP or non-GAAP basis.

14.2.3 Timing For Establishing Performance Goals.

Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance or Annual Incentive Awards, or at such other date as may be required or permitted for "performance-based compensation" under Code Section 162(m).

14.2.4 Settlement of Performance or Annual Incentive Awards; Other Terms.

Settlement of such Performance or Annual Incentive Awards shall be in cash, Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance or Annual Incentive Awards. The Committee shall specify the circumstances in which such Performance or Annual Incentive Awards shall be paid or forfeited in the event of termination of Service by the Grantee prior to the end of a performance period or settlement of Performance Awards.

14.3 Written Determinations.

All determinations by the Committee as to the establishment of performance goals, the amount of any potential Performance Awards and as to the achievement of performance goals relating to Performance Awards, and the amount of any potential individual Annual Incentive Awards and the amount of final Annual Incentive Awards, shall be made in writing in the case of any Award intended to qualify under Code Section 162(m). To the extent permitted by Section 162(m), the Committee may delegate any responsibility relating to such Performance Awards or Annual Incentive Awards.

14.4 Status of Section 14.2 Awards Under Code Section 162(m)

It is the intent of the Company that Performance Awards and Annual Incentive Awards under **Section 14.2** hereof granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of Code Section 162(m) and regulations thereunder shall, if so designated by the Committee, constitute "qualified performance-based compensation" within the meaning of Code Section 162(m) and regulations thereunder. Accordingly, the terms of **Section 14.2**, including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Grantee will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of Performance Awards or an Annual Incentive Award, as likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan or any agreement relating to such Performance Awards or Annual Incentive Awards does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

15. PARACHUTE LIMITATIONS

Notwithstanding any other provision of this Plan or of any other agreement, contract, or understanding heretofore or hereafter entered into by a Grantee with the Company or any Affiliate, except an agreement, contract, or understanding hereafter entered into that expressly modifies or excludes application of this paragraph (an "Other Agreement"), and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Grantee (including groups or classes of Grantees or beneficiaries of which the Grantee is a member), whether

or not such compensation is deferred, is in cash, or is in the form of a benefit to or for the Grantee (a "Benefit Arrangement"), if the Grantee is a "disqualified individual," as defined in Section 280G(c) of the Code, any Option, Restricted Stock or Stock Unit held by that Grantee and any right to receive any payment or other benefit under this Plan shall not become exercisable or vested (i) to the extent that such right to exercise, vesting, payment, or benefit, taking into account all other rights, payments, or benefits to or for the Grantee under this Plan, all Other Agreements, and all Benefit Arrangements, would cause any payment or benefit to the Grantee under this Plan to be considered a "parachute payment" within the meaning of Section 280G(b)(2) of the Code as then in effect (a "Parachute Payment") and (ii) if, as a result of receiving a Parachute Payment, the aggregate after-tax amounts received by the Grantee from the Company under this Plan, all Other Agreements, and all Benefit Arrangements would be less than the maximum after-tax amount that could be received by the Grantee without causing any such payment or benefit to be considered a Parachute Payment. In the event that the receipt of any such right to exercise, vesting, payment, or benefit under this Plan, in conjunction with all other rights, payments, or benefits to or for the Grantee under any Other Agreement or any Benefit Arrangement would cause the Grantee to be considered to have received a Parachute Payment under this Plan that would have the effect of decreasing the after-tax amount received by the Grantee as described in clause (ii) of the preceding sentence, then the Grantee shall have the right, in the Grantee's sole discretion, to designate those rights, payments, or benefits under this Plan, any Other Agreements, and any Benefit Arrangements that should be reduced or eliminated so as to avoid having the payment or benefit to the Grantee under this Plan be deemed to be a Parachute Payment.

16. REQUIREMENTS OF LAW

16.1 General.

The Company shall not be required to sell or issue any shares of Stock under any Award if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising an Option, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to an Award upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Award unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Award. Specifically, in connection with the Securities Act, upon the exercise of any Option or the delivery of any shares of Stock underlying an Award, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Award, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding, and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

16.2 Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Awards pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

17. EFFECT OF CHANGES IN CAPITALIZATION

17.1 Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which grants of Options and other Awards may be made under the Plan shall be adjusted proportionately and accordingly by the Company. In addition, the number and kind of shares for which Awards are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in outstanding Options or SARs shall not change the aggregate Option Price or SAR Exercise Price payable with respect to shares that are subject to the unexercised portion of an outstanding Option or SAR, as applicable, but shall include a corresponding proportionate adjustment in the Option Price or SAR Exercise Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration. Notwithstanding the foregoing, in the event of any distribution to the Company's stockholders of securities of any other entity or other assets (including an extraordinary dividend but excluding a non-extraordinary dividend of the Company) without receipt of consideration by the Company, the Company may, in such manner as the Company deems appropriate, adjust (i) the number and kind of shares subject to outstanding Awards and/or (ii) the exercise price of outstanding Options and Stock Appreciation Rights to reflect such distribution.

17.2 Reorganization in Which the Company Is the Surviving Entity Which does not Constitute a Corporate Transaction.

Subject to **Section 17.3** hereof, if the Company shall be the surviving entity in any reorganization, merger, or consolidation of the Company with one or more other entities which does not constitute a Corporate Transaction, any Option or SAR theretofore granted pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Option or SAR would have been entitled immediately following such reorganization, merger, or consolidation, with a corresponding proportionate adjustment of the Option Price or SAR Exercise Price per share so that the aggregate Option Price or SAR Exercise Price thereafter shall be the same as the aggregate Option Price or SAR Exercise Price of the shares remaining subject to the Option or SAR immediately prior to such reorganization, merger, or consolidation. Subject to any contrary language in an Award Agreement evidencing an Award, any restrictions applicable to such Award shall apply as well to any replacement shares received by the Grantee as a result of the reorganization, merger or consolidation. In the event of a transaction described in this **Section 17.2**, Stock Units shall be adjusted so as to apply

to the securities that a holder of the number of shares of Stock subject to the Stock Units would have been entitled to receive immediately following such transaction.

17.3 Corporate Transaction.

Subject to the exceptions set forth in the last sentence of this **Section 17.3** and the last sentence of **Section 17.4**, upon the occurrence of a Corporate Transaction:

- (i) all outstanding shares of Restricted Stock shall be deemed to have vested, and all Stock Units shall be deemed to have vested and the shares of Stock subject thereto shall be delivered, immediately prior to the occurrence of such Corporate Transaction, and
- (ii) either of the following two actions shall be taken:
 - A fifteen days prior to the scheduled consummation of a Corporate Transaction, all Options and SARs outstanding hereunder shall become immediately exercisable and shall remain exercisable for a period of fifteen days, or
 - B the Board may elect, in its sole discretion, to cancel any outstanding Awards of Options, Restricted Stock, Stock Units, and/or SARs and pay or deliver, or cause to be paid or delivered, to the holder thereof an amount in cash or securities having a value (as determined by the Board acting in good faith), in the case of Restricted Stock or Stock Units, equal to the formula or fixed price per share paid to holders of shares of Stock and, in the case of Options or SARs, equal to the product of the number of shares of Stock subject to the Option or SAR (the "Award Shares") multiplied by the amount, if any, by which (I) the formula or fixed price per share paid to holders of shares of Stock pursuant to such transaction exceeds (II) the Option Price or SAR Exercise Price applicable to such Award Shares.

With respect to the Company's establishment of an exercise window, (i) any exercise of an Option or SAR during such fifteen-day period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event, and (ii) upon consummation of any Corporate Transaction the Plan, and all outstanding but unexercised Options and SARs shall terminate. The Board shall send written notice of an event that will result in such a termination to all individuals who hold Options and SARs not later than the time at which the Company gives notice thereof to its stockholders. This **Section 17.3** shall not apply to any Corporate Transaction to the extent that provision is made in writing in connection with such Corporate Transaction for the assumption or continuation of the Options, SARs, Stock Units and Restricted Stock theretofore granted, or for the substitution for such Options, SARs, Stock Units and Restricted Stock for new common stock options and stock appreciation rights and new common stock units and restricted stock relating to the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number of shares (disregarding any consideration that is not common stock) and option and stock appreciation right exercise prices, in which event the Plan, Options, SARs, Stock Units and Restricted Stock theretofore granted shall continue in the manner and under the terms so provided.

17.4 Adjustments.

Adjustments under this **Section 17** related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share. The Board shall determine the effect of a Corporate Transaction upon Awards other than Options, SARs, Stock Units and Restricted Stock, and such effect shall be set forth in the appropriate Award Agreement. The Board may provide in the Award Agreements at the time of grant,

or any time thereafter with the consent of the Grantee, for different provisions to apply to an Award in place of those described in **Sections 17.1, 17.2 and 17.3.**

17.5 No Limitations on Company.

The making of Awards pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure or to merge, consolidate, dissolve, or liquidate, or to sell or transfer all or any part of its business or assets.

18. GENERAL PROVISIONS

18.1 Disclaimer of Rights

No provision in the Plan or in any Award or Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any Affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Award granted under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a director, officer, consultant or employee of the Company or an Affiliate. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any Grantee or beneficiary under the terms of the Plan.

18.2 Nonexclusivity of the Plan

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals) as the Board in its discretion determines desirable, including, without limitation, the granting of stock options otherwise than under the Plan.

18.3 Withholding Taxes

The Company or an Affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an Award or upon the issuance of any shares of Stock upon the exercise of an Option or pursuant to an Award. At the time of such vesting, lapse, or exercise, the Grantee shall pay to the Company or the Affiliate, as the case may be, any amount that the Company or the Affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the Affiliate, which may be withheld by the Company or the Affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the Affiliate to withhold shares of Stock otherwise issuable to the Grantee or (ii) by delivering to the Company or the Affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be

determined by the Company or the Affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 18.3** may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting, or other similar requirements.

18.4 Captions

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or such Award Agreement.

18.5 Other Provisions

Each Award granted under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

18.6 Number and Gender

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

18.7 Severability

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

18.8 Governing Law

The validity and construction of this Plan and the instruments evidencing the Awards hereunder shall be governed by the laws of the State of Delaware, other than any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan and the instruments evidencing the Awards granted hereunder to the substantive laws of any other jurisdiction.

Section 409A of the Code ("Section 409A"), or an exemption to Section 409A, with regard to Awards hereunder that constitute nonqualified deferred compensation within the meaning of Section 409A. To the extent that the Board determines that a Grantee would be subject to the additional 20% tax imposed on certain nonqualified deferred compensation plans pursuant to Section 409A as a result of any provision of any Award granted under this Plan, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional tax. The nature of any such amendment shall be determined by the Board.

18.9 Section 409A of the Code

The Board intends to comply with Section 409A of the Code ("Section 409A"), or an exemption to Section 409A, with regard to Awards hereunder that constitute nonqualified deferred compensation within the meaning of Section 409A. To the extent that the Board determines that a Grantee would be subject to the additional 20% tax imposed on certain nonqualified deferred compensation plans pursuant to Section 409A as a result of any provision of any Award granted under this Plan, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional tax. The nature of any such amendment shall be determined by the Board.
